A Pure Sweet Tone That Defies Both Time and Climate

is built solidly into Dominion Pianos by means of its patented metal arch plate frame. This exclusive betterment does away with the use of wooden posts that warp and shrink with time and heat and cold, and so cause the strings to lose their tone and sweetness. Everything about the "Dominion" is built to endure a whole long life time. Not only that but it comes to you on easy terms and at factory cost, as we do not include in our price the usual allowances for gift instruments to colleges and great artists for "testimonials," nor do we maintain expensive city warerooms. We give you all the savings.

Gentlemen,

Kindly send me Booklet on Investments.

NAME.....

ADDRESS.....

Why Winnipeg Leads

Winnipeg distributes and collects over a territory of more than 1000 miles. Winnipeg is not subject to the local conditions of any one portion of this large territory.

Winnipeg has had a steady growth and large increase in population—but not a boom in prices since 1906.

Western Canada is now drawing—and will continue to draw, population and capital from every land, and increasing in volume each year.

Farm lands in Western Canada cover so large a territory that for a number of years they have not been a favorite form of investment, except in tracts by large operating Companies—at a tremendous expense for making sales.

Speculation in the small Western town has become somewhat discredited, and will probably not return to favor inside of from three to five years.

Almost without exception, it is admitted that Winnipeg and outside—that the price of property in Winnipeg is not too high. There are fewer pessimists on our values this Fall than there have been for ten years.

SUMMARY

Speculative investments will continue to be made in Western Canada, and if farm lands, small towns and Coast Cities have lost favor, where will this investment be centered?

We make bold to predict that inside of two years' time, a tremendous advance in values—in the nature of a boom, will take place in Winnipeg.

“Carry me over the last long mile,
Man of Nazareth, Christ for me!
Weary I wait by Death’s dark stile,
In the wild and waste where the winds blow free;
And the shadows and sorrows come out of the past,
Look keen through my heart,
And will not depart,
Now that my poor world has come to its last.

Lord, is it long that my spirit must wait,
Man of Nazareth, Christ for me!
Deep is the stream, and the night is late,
And grief blinds my soul that I cannot see.
Speak to me, out of the silences, Lord,
That my spirit may know,
As forward I go,
That Thy pierced hands are lifting me over the ford.”

II.—That it shall consist of Congregational churches and of ministers of the same church order received at a general meeting, and of those laymen who have been chairmen of the Union and are members of its churches.

III.—That this Union is founded on the full recognition of the autonomy of the local churches, and therefore it shall not, in relation to them, assume legislative or administrative authority, or in any case become a court of appeal.

IV.—That the following are the objects contemplated in its formation: 1. To promote evangelical religion in connection with the Congregational denomination. 2. VI.—That the officers of this Union be a Chairman, General Secretary, Recording Secretary, Treasurer and Statistical Secretary, and the Superintendents of departments appointed by the Union. That a committee shall also be elected annually who, with the officers, shall be the Executive Committee of the Union. The duties of the Executive shall be as follows: (1) To act as an Advisory Board with the General Secretary; (2) To prepare business for and make reports to the Union; (3) To carry out instructions of the Union; (4) To act for the Union in matters which may arise between sessions.

VII.—The various kinds of work of the Union may be committed for cultivation and guidance to departments with a Superintendent and committee for each.

VIII.—That alterations may be made in this Constitution at any annual meeting, providing that notice of such alterations has been given at the meeting next preceding, or published in at least four issues of *The Canadian Congregationalist* preceding the meeting.

STANDING RULES.

1. Applications for admission to the Union, whether by churches or ministers, should be made in writing; and after having been read to the Union, shall be referred to a standing committee on membership. Churches so applying shall present a *certificate of membership in the association of their district, or if in territory not organized as an association* the written recommendation of three members of the Union. *In the same manner ministers shall present their certificate of membership in the association within whose bounds they reside or if in territory not organized as an association* the written recommendation of three members of the Union. Ministers bearing regular letters of dismissal from a kindred Congregational organization, and those who furnish evidence of having completed a course of study in the Congregational College of Canada, and having been ordained to the ministry, may be received at once on these grounds. Other ministers shall be required to bring proof of (1) Their membership in a Congregational Church; (2) Their ordination to the ministry; (3) If they have come from any other denomination, their good standing therein; (4) They shall satisfy the Membership Committee in relation to their doctrinal and ecclesiastical views and their literary acquirements, *their course of study to have been at least equal to the two-year course adopted by the Union*; (5) Should the Membership Committee be satisfied on these points and recommend the applicant for membership, the recommendation shall be filed with the Recording Secretary, and the application and recommendation shall then lie over until the next annual meeting, when a two-thirds vote of the members present shall be requisite for admission into membership; (6) *By vote of the various associations and the Congregational Union of Nova Scotia and New Brunswick ministerial standing will hereafter be in this Union and transfer to our own denomination in other countries and to other denominations shall hereafter be given by this Union only.*

2. The Union shall meet annually on the Wednesday after the first Sabbath in June, at 9 a.m., when, if the elected chairman be absent, a chairman pro tem. shall be chosen. After a devotional service, minute secretaries and reporters shall be appointed, the Report of the Executive Committee presented, and the Committees on Business, Membership, Nomination and Finance chosen on nomination by the Executive Committee. At 11 a.m. the Union will

rise to give place to the Canada Congregational Missionary Society. The Committees appointed by the Union shall meet on the Tuesday previous to the assembling of the Union, at such time and place as may be arranged in conference with the General Secretary.

3. On Wednesday afternoon the Union will hold no public session, in order that time may be given to the work of several committees.

4. The Chairman's address shall be delivered on Wednesday evening.

5. On Thursday morning the Chairman for the next year shall be elected by ballot without nomination. Ballot papers shall be furnished to all members of the Union present, if required, and the votes shall be counted by scrutineers appointed by the Chairman. If no candidate have a majority of the votes cast, the names of two persons having the highest number shall be reported, and another vote taken. The Union will adjourn at 11 a.m. on Thursday in favor of the Canada Missionary Society.

6. The meetings shall be daily opened and closed with prayer; the morning devotional exercises to extend to an hour.

7. No motion shall be discussed unless seconded; no member shall speak twice to the same motion without permission from the chair, and every motion shall be presented in writing by the mover, if required by the chair.

8. The members of the Union shall register their attendance with the Recording Secretary in a book kept for this purpose. The Minutes of the preceding day shall be read at the opening of each day's session, and the Minutes of the last day at the close of the session.

9. One of the services on the Lord's Day during the meetings of the Union shall be regarded as a session of the Union, at which the Annual Sermon shall be preached, and in connection with it the Lord's Supper shall be celebrated. The attendance of the Union is expected at this service.

10. On Monday evening, during the sitting of the Union, a public meeting of the Union shall be held, the programme of which shall be arranged by the Executive Committee.

11. Application shall be made by the Statistical Secretary, one month at least before the annual meeting, for statistics of the several churches, and a brief narrative of the state of religion among them, that he may prepare a condensed narrative of the whole for the annual meeting, and for publication if so ordered.

12. A collection for the funds of the Union shall be made annually in each church, on or near the Lord's Day prior to the meeting. From this source, the Finance Committee, after providing for other necessary expenses, shall pay in full if possible, the travelling fares of its ministerial members (providing always that no member of the Union, whether ministerial or lay, attending the meetings, shall receive anything for travelling expenses unless such ministerial member shall have contributed not less than one dollar, and the church represented by the delegate not less than five dollars to its funds); or if unable to pay in full, shall deduct from the claim of each such equal amounts as may be found necessary; such payment shall not be made until after the final adjournment, except with leave of the Union.

13. The delegates from the Union to corresponding bodies, who may fail to fulfil their appointment by personal attendance, shall address these bodies by letter, communicating in substance such information and sentiments as they would furnish if they were present at their annual convocations.

14. All supplies of pulpits required during the Sunday in which the Union is in session, which are not otherwise provided for, shall be filled by the Nomination Committee in connection with the pastor of the church where the Union is held, and a copy of such appointment shall be posted on the door of the church where the Union is assembled.

15. In order to facilitate the introduction of properly accredited preachers to churches connected with the Union which may require pulpit supply, the General Secretary is authorized to send to secretaries or pastors of churches a list of preachers approved by the Executive Committee.

16. The term of office of the Chairman and Recording Secretary shall be the calendar year subsequent to that in which they were elected.

REPORT OF THE EXECUTIVE OF THE CONGREGATIONAL UNION OF CANADA FOR THE YEAR
1912-1913.

The Executive in again meeting in the Northern Church, Toronto, after a lapse of twelve years, would express their hearty pleasure in the present happy state of the Church, and its prospects of building in a new part of the city, where it has found a distinct field and mission for itself, and also in the denominational co-operation which has made this possible.

Of the matters committed to the care of the Executive by the Union a year ago, we would report as follows:

MINISTERIAL STANDING.

This matter, referred back to the Executive last year, has now been approved by the Union of Nova Scotia and New Brunswick at their meeting last July, so that all our Associations have now given their approval to the suggestions sent them as to ministerial standing being in the Union, and that transfers to other bodies and our own denomination in other countries, should be given by this Union only, though the Associations may transfer members to each other, as at present.

It was also desired by the Associations, that membership in the Associations should be a preliminary step toward membership in the Union, and that it should be considered good and sufficient standing for membership in the Union, provided there were no valid objection to the applicant's character or training.

Your Executive has therefore framed the following amendments to Standing Rule No. 1. It will be noticed that the Executive has set the extra-mural Association Course adopted by the Union, covering two years, as the minimum standard of training. We feel that this much at least is necessary, that it will be no hardship to any really worthy of ordination, and that the presence of such a provision in the standing rules of the Union, will tend to strengthen the hands of the Associations.

We therefore recommend that the following be Standing Rule No. 1, as amended, to take effect from the close of this Union.

(See Standing Rule No. 1, page 12).

THE APPORTIONMENT PLAN.

We have pleasure in reporting that the acceptance of the apportionment is steadily increasing. There is still in some churches a disposition to regard the apportionment as simply an ideal but impractical, and therefore not to be seriously attempted, but more and more the churches are resolutely setting themselves to accomplish the share allotted to them. There may, in some cases, need to be a readjustment of the amounts. We therefore recommend to the Associations that in making their assessment of the benevolences of the several churches they base this upon, 1, the membership of the Church; 2, the amount raised for local purposes and 3, the amount previously contributed to the various denominational objects.

The figures for 1912-13 are as follows:—

THE PUBLICATION DEPARTMENT.

During the year the Congregational Publishing Co. has transferred its business, the publishing of the Congregationalist and of the Year Book, to the new Publication Department of the Union. For convenience the new committee will retain the old name on their publications, but the whole matter is now in the hands of the Union Committee, and will be reported at the morning session of the Union on Friday, by the Chairman of the Department, Dr. C. J. Copp.

STATISTICS.

The matter of our statistical forms was considered during the year, and certain changes and additions made that will appear in the report of the Statistical Secretary.

ORGANIZATION.

All the Associations have now adopted the Model Association Constitution, as approved by the Union, except the Western Association, and your Executive recommend the appointment of a deputation to meet with the Western Association at their fall meeting, and urge upon them the advisability of adopting the main outlines of the Model Association Constitution.

INTERDENOMINATIONAL RELATIONS.

Last fall your Executive were requested by the Presbyterial Hymnal Committee to appoint a committee to meet with them and with the Methodist Hymnal Committee, to take steps for the publication of a Union Hymnal for the use of the three churches. We appointed our committee, but apparently the Methodist Committee were too far along in their work of preparing two new hymn books to make any change in their plans, and the Presbyterians are for the present simply preparing some addition to their present book, so that this was dropped for the time.

The Committee on the oversight of Union Churches has held several meetings, but has come to no conclusion, and has adjourned to meet in September next.

There are many signs of a drawing together of Methodist, Presbyterian and Congregational Churches locally, and if Organic Union is long delayed, this readjustment of local work will probably

increase. In all cases where Congregational Churches are concerned, such changes should be undertaken only with the advice and consent of the Association to which the church belongs. In Montreal, Toronto and Vancouver this fellowship, through joint committees, has taken the happy shape of securing to new causes a district where they will have a distinct community to serve, and be in useful position in the united church when that shall be brought about.

IN MEMORIAM.

We regret to have to record the death of one of our veterans, Rev. R. K. Black, whose kindly presence will be missed among us in days to come. Your Executive have expressed their sympathy with the family.

UNION PROGRAMME.

The Union Programme has been printed, as usual, and is now respectfully submitted. We welcome to our meeting our guests, Dr. Dan. F. Bradley, of Pilgrim Church, Cleveland, and also the missionaries who will be present with us—Rev. Robert Chambers, of Bardezag, Turkey; Drs. Wm. and Libbie Seymour, Camnaek, of our own mission in Chisamba, and Rev. J. D. McEwen, of Orobo, Brazil.

Respectfully submitted on behalf of the Executive.

WILLIAM T. GUNN,
Secretary.

Communications—A number of communications to the Union was then presented by the General Secretary, and acted on by the Union as follows:

An application for Membership from the Rev. W. Bevis, Chebogue, N.S., was referred to the Membership Committee.

THE CHAIRMAN'S ADDRESS.

The Church's Obstacles and Opportunities.

REV. G. ELLERY READ, SHERBROOKE.

I desire to speak to you to-night on the Church's Obstacles and Opportunities, or, to give my subject a more descriptive title, The Obstacles that Confront the Church and the Opportunities these afford her to vindicate her place in the Modern World.

I take it for granted that this assembly is supremely interested in the Church. As Congregationalists we have reason to be, for we are the inheritors of a rich and noble ancestry and heritage. We have, it is true, at times, thought more of churches than we have of the Church, and because of this have been open to the charge that our outlook upon the sphere of the Church and her service has been too local and contracted. It is more than probable, however, if I have read history aright, that had Cromwell succeeded in permanently establishing a comprehensive national church, including different types of spiritual societies, united in holy fellowship with Him who is Head of the Church, our conception of the Church would not have been exposed to the accusation that it was narrow and mean. Had the doctrine of the Church, as held by those who were determined to make all men accept their view, been at all commensurate with Christ's idea of the Church, then there would have been no objection on the part of the Independents and Separatists, for, paradoxical as it may seem to those who credit them with small views of the Church, their protest began and persisted, because the Church, as established by law, and attempting to compel and coerce all men into accepting its teaching and authority, was altogether too narrow an affair. It was based upon principles inadequate to the spiritual character of the Church. The superstructure reared upon such a false foundation could not but be liable to totter and, finally, fall. To establish a church by law was in itself a contradiction and de-

fiance of its essential nature, for coercion in spiritual relations is an absolute impossibility, and was not even contemplated in the primitive church. Men must be free to contract their Spiritual and religious alliances. Where there is no such freedom the Church cannot exist.

I have dwelt at some length upon what must have seemed to some of you a digression from the subject in hand. But I assure you this is not a mere excursus into an unrelated theme. If we are supremely interested in the Church, as I have assumed, then it is because we think of the Church not in a local or parochial sense, nor as the expression of the corporate life of those professing Christians who may be united by any particular ecclesiastical system, or the acceptance of any particular creed, but as embracing all within these various organizations who have accepted the Lordship of Christ and the Brotherhood of man as the indispensable conditions of their relation to each other within these communions, and their relation with all in other communions who hold the same fundamental position.

The Church thus interpreted ceases to be an organization dependent upon polity and dogma for its continued existence. In this sense it is an organism pulsating with common life, responsive to an all-pervading spiritual environment, moved by one consciousness of power, vibrant with one dominant hope, consecrated to one holy purpose, because united indissolubly to Him who is over all, even Christ the Lord, and to all who have known Him after the Spirit.

With this conception of the Church, I am sure fault may easily be found. There are those who will tell us that it is too nebulous, too tenuous. It makes no provision for the anatomical structure of the Body of Christ. It may have some measure of life, but is sadly lacking in form, and, therefore can have but little coherency of purpose and activity. There is no consideration shown for the authoritative and regulative nutriment of this body. What may be considered excellent and essential nutriment for it by some, may be viewed by others with unfeigned horror. The heavenly food offered in one case may be considered hellish poison in the other. Moreover, no definite place is given to those who shall have power and authority to direct, control and co-ordinate the movements of this organism within the sphere of its temporal and earthly existence.

I might continue to enumerate the objections that could be urged against this conception of the Church, but there is no need

to do so, for you are all familiar with them. They are but variants of those I have already stated. But, notwithstanding all that might be said against it, I would submit that the conception of the Church as a spiritual society, united by ties of fellowship in love under the Lordship of Jesus Christ, the Head of the Church, is best suited to the subject in hand, for the obstacles in the way of the Church, with which we shall deal, are not limited to any particular communion in the Church, and the opportunities that these very obstacles create are before all who are united in Christ for the furtherance of His Gospel. None are exempted from the obstacles; none are deprived of corresponding and compensating opportunities. This fact alone should be sufficient to bring us into sympathetic relation with all who are attempting to hasten the consummation of the Kingdom of Christ.

Every thinking man will admit that the Church is confronted with difficulties that are peculiar to the age and the place in which she is carrying on her mission. In this respect she is but facing conditions that arise out of the very nature of her mission. What these distinctive difficulties are in this age is not easily and unambiguously determined. Many attempts have been made to define them, and many more will be made. It is hardly more than necessary to mention that our diagnosis of conditions and the treatment that we would prescribe, will be largely influenced by our ecclesiastical relations and doctrinal standards. The advocate of and thorough-going believer in the polity and doctrines of Episcopacy, Roman or Anglican, will tell you that the cause is to be found in a departure from both polity and doctrines, and that the sole remedy is to be found in a speedy and unconditional surrender to a church clothed with supreme authority as Christ's vicegerent upon earth, and which is the sole depository of apostolic truth and tradition. The opponent of all sacerdotal claims, who would eradicate even the suspicion of ecclesiasticism by the abolition of an ordained ministry views the situation from exactly the opposite standpoint. If we could only get rid of the professional ministry, wherever it exists, then we could easily get out of the maze of difficulties in which we find ourselves.

Your severely orthodox Evangelical will tell you that the trouble lies with the men who have led the Church away from the theological standards of the 18th and 19th centuries. They have so denuded the Bible, so it is asserted, of all authority, and thrown open a broad highway of latitudinarianism in belief that the appeal, based on a logical and consistent system of theology is no

longer effective. If there is no note of finality or certainty in the system that has largely overthrown the old, then one cannot expect that the Church will be able to hold her own against the natural tendencies of men to postpone a definite and eternal settlement with the Almighty.

On the other hand the liberal theologian, the man of the modern schools, is scornful of the position taken by the Evangelical. The idea that the Church is surrounded with difficulties because men are exercising their God-given liberty to think is preposterous. Truth is not such a feeble thing that her power and supremacy are in danger of overthrow because men see her through a different medium than did their fathers. If this were so she would long since have been dethroned and the universe would have been reduced to a chaos from which the recovery of order and harmony would be impossible.

The Church's problem may be approached, however, from a different standpoint altogether. It may be urged that the obstacles that confront the Church are not to be found in either polity or theology. Ecclesiastical and dogmatical considerations have but relatively an insignificant place in the problem. This may be demonstrated by an appeal to facts. Churches of all orders and none have both succeeded and failed in their work and influence as organized forces within the Kingdom of God. There have been preachers of all shades of theological opinion who have been instrumental in attracting multitudes by the message they have delivered. The so-called orthodox and heterodox may both claim, if the numbers that have crowded to hear them constitute an argument in their favor, that what the world needs is the message they give. Dr. Nixon, at Spurgeon's Tabernacle, upholding the traditions of that great Baptist shrine, can no more effectively prove his position on this ground than can Mr. Campbell at the City Temple, where he delivers a message widely different in form to that which finds favor at the Tabernacle.

These considerations should effectually dispose of the contention that our problem is such a simple and exterior matter. The question is not whether men want the Church in one form or another, but do they want it at all? The fact that should disturb us is not that the Gospel message has a widely varied presentation, which is inevitable so long as men think in different terms, but that men and women do not want to be disturbed by any presentation of it, and will not court familiarity with those places where they are likely to have their opinions in this particular changed. In short,

we are altogether wrong in accepting any explanation that does not take into consideration men's disposition towards the ideals and objects for which the Church is generally admitted to stand.

This is, I believe, the way in which we should approach the situation in which the Church finds herself to-day. With all her failings, which we know and confess are many, there is a general recognition that the Church stands for an ideal and type of life in the individual and society which demand from those who constitute her membership a character or a striving after a character, essentially different to that commonly known as worldly and material. The great obstacle in the way of the Church is the stubborn indisposition, the determined unwillingness of men to surrender themselves to this ideal. The appeal of the world is so loud and insistent; the claims of the material are so obvious and emphatic, that the claims of the sacrificial and spiritual are but faintly heard and weakly responded to.

This may be illustrated from two points, opposite and extreme to each other: the effects of wealth and poverty upon men's attitude towards the Church. One of the most frequent remarks made about wealth to-day concerns its enormous increase, both in bulk and power. Men have risen from comparative obscurity and poverty to prominence and opulence with marvellous and almost incredible rapidity. Fabulous fortunes have been accumulated by those who but a few years ago were eating the bread of adversity, and eating it very dry. In addition to these there is the vast multitude of men, who with the commercial development of the country, have been steadily building up large business interests, and by the very success that has attended their efforts have found themselves slaves to the conditions which they have helped to create. They are bound hand and foot to the great industrial concerns which they developed with so much expenditure of time and energy.

Probably most of us have seen men who in proportion to the success they have achieved in gaining the prizes the world called them to strive for, have lost their interest in the finer and nobler side of life. Many of them, in the early stages of their striving for these believed in God, in the Church, in the claims of their fellows upon their sympathy and help. But gradually these things receded into the background of life and lost their power over them.

It is inevitable that men who lose sympathetic correspondence with the vast majority of their fellows should also lose an active

and sympathetic interest with that organization which has done more than any other in the history of the world to cultivate and bring to a noble fruition the principle of brotherhood through our common relation to the Fatherhood of God. This loss of interest in the Church is an obstacle to her progress, for if she is ever to accomplish her mission she must have at her disposal the consecrated energy and ability of successful business men. But if she is to remain true to her Charter she can have them only in so far as they are ready to enter into fellowship with those who are at the other extreme of social conditions—the extreme of poverty and failure in the material, and often in the moral sense.

This leads me to the second point of my illustration. The Church is arrested in her progress by the awful and appalling poverty, which is prevalent in ghastly and challenging contrast to the enormous wealth possessed by the relatively few.

It is commonly supposed and commonly taught, for such teaching dies a slow and lingering death, that poverty, even bitter and extreme, should not constitute any barrier to the success of the Church's mission—indeed it is generally assumed that poverty is favorable to the propagation of the Gospel, because its message is in some way concerned with spiritual compensations to be made to those who have been deprived of material blessings. "Did not the common people hear Him gladly?" we are asked. Was it not a crowning and triumphant credential of His Messianism that Christ had to send back to the imprisoned and impatient Baptist that "the poor had the Gospel preached to them? This fact of history we do not dispute. But the poverty of the poor in Palestine was not so hard, so extensive, so repellent and inexcusable as that with which we are familiar in our large cities after twenty centuries of Christian civilization and teaching. The poverty of the underworld to-day is not only actually worse, but it is aggravated by the wider distribution of wealth that so ostentatiously and insolently flaunts itself in the faces of the outcasts and unfortunates who have gone down to the abyss of ruin and despair, either by their own failure, of whom there are comparatively few, or by the sheer force of opposing circumstances against which they have been unable to contend.

This condition militates against the Church's success in several ways. Frequently it is almost impossible to meet these men and women upon a sympathetic plane. We have to remember that true sympathy is the faculty of entering into the source and inner meaning of the experience through which those with whom we

would sympathize are called to pass. How many of us can go into the slums and talk with the degenerate and unfortunate with true sympathy? Their experience is beyond our apprehension. Then another difficulty arises from the fact that the people whom we would help have lost the power to perceive our desire to help them. Their finer sensibilities have been deadened by the debasing environment in which they have spent their lives. They have no outlook beyond the immediate and pressing need of somehow maintaining a bare physical existence.

When we come into contact with those who are living just above the line of economic dissolution, we find that they are largely outside of the Church because of their inability to help support an organization into whose membership they are invited. They are not hostile or even indifferent to the Church. Their attitude is one of self-respect. They will not be identified with anything they cannot help support. They are a standing contradiction to the oft-repeated assertion that if the collection plate were consigned to the limbo of church antiquities then they would gladly enter into the courts of the Lord's House with thanksgiving, and into His courts with praise. They believe in the spiritual significance of the collection, but because circumstances call for every cent they earn to provide the bare material necessities of life, they shun a service in which they cannot participate in this great symbolic act of worship.

We have looked at the extremes of social conditions and seen how they hinder the progress of the Christian Church. In what way can it be said that these hindrances create an opportunity for the Church to fulfil her mission? My conviction is that they give the opportunity to deal with some of the most flagrant and vociferous evils of the age, whose existence in our social order is due largely to unjust economic conditions—conditions in which it is impossible for Christian men and women to rest satisfied that they express the mind of our Heavenly Father as revealed in the life and teaching of Jesus Christ.

Unfortunately the Church in her corporate capacity has always been timid in dealing with social and economic evils. She has not entered into the fight against them with that eagerness and enthusiasm which have characterized the action of individuals within and without her membership. She has been too much afraid of custom, too much restrained and constrained by the bonds of conservative and conventional precept and practice, and has been moved from her official moorings only when the demands from the

reforming party within the Church, and the censures and criticisms of those without, have been so insistent and clamant that to save herself she has not dared to continue in her indifference and apathy.

This attitude has been excused by her apologists on the ground that it is not the Church's business to inaugurate reforms, but to create the spirit that makes these reforms possible. The apology is ancient and threadbare. To-day we must have none of it. Thank God, we are already ashamed of it and are in practice denying its validity. We must go on to recognize the obligation the Church is under to identify herself, heart and soul, with every great movement and tendency that seeks the social and spiritual uplift of the whole people among whom her work is to be done.

This cannot be accomplished, however, unless the Church is very definite in her attitude towards the legalized economic injustice which makes it possible for a few men to acquire and hold enormous aggregations of wealth, while the most appalling poverty holds multitudes of their fellows in a grip from which it is impossible to escape. The Church must come to see that in, e.g., a professedly Christian country, like England, there can be no possible justification for the conditions expressed in the fact that death duties are annually paid on estates averaging in the aggregate a billion dollars, owned by only four thousand people, while one-third of the working classes, numbering millions, are in receipt of less than five dollars a week as wages for hard and honest toil, an amount that enables them to secure only a bare subsistence. The Church must emphatically declare that the exploitation of men, women and children for gain is unchristian and inhuman, and that every worker is entitled to a fair share of the wealth that he helps to create.

It may be objected that this is to enter upon a propaganda that will eventually compel us to adopt some economic system as a part of our Confession of Faith. I cannot see, if the right system could be discovered, any more objection to the incorporation of such an article in a creed than there is in making certain theological beliefs essential to our salvation—a course which the Church has never hesitated in taking. If the adoption of such a system could bring men into the holy relation of a true Christian brotherhood, then we ought most fervently to pray for its discovery, for it is certain that the continuation of

The good old rule, the simple plan
 That they should get who have the power,
 And they should keep who can—

will result in the destruction of the basis underlying the fellowship of believers in the Church of Christ.

But apart from the mere system through which this fundamental conception may find expression, I dare to believe that the day will come when poverty will no longer be considered an unavoidable necessity, to be met by mitigation rather than prevention—a plaister on the putrid sore rather than the purification of a system that has suffered from surfeit in some of its members, while it is dying of inanition in others.

When the Church grapples with these evils so deeply radicated in our present system, there will be a more general faith in her professed desire to be the Body of Christ in gracious, holy ministry to all sorts and conditions of men; for the fulfilment of such a ministry of social service will be not only in the interests of the man crushed and broken by our present system, but also in the interests of the man whose wealth, and the power that wealth gives, have made him a menace to society and a frightful peril to himself. The one needs to be saved from his poverty and the other from the excess of his prosperity.

To this great task the Church is summoned to-day. Both conditions are obstacles in the way of her progress; both conditions throw down the challenge of a splendid opportunity for her to strive with all who are seeking the reorganization and reformation of society upon the enduring and ennobling basis of a true Christian brotherhood. Mr. Ramsay Maedonald, in addressing the Assembly of the Presbyterian Church in Scotland last year, said: "The Church knew perfectly well, and they knew perfectly well, that when the Church was finally enshrined and became the supreme spiritual power in the world, it could not possibly show the divine glory of God radiating from its own face. It must toil and strive and pray that that same glory would radiate from the face of society." Here indeed is the Church's mission well defined by one who knows the need of the work the Church is called to do. What nobler work can the Church accomplish than the transfiguration of society?

But to mention this great purpose for which the Church was called into existence, is to suggest other obstacles that stand in the way of the fulfilment of her mission. So far we have dealt with those conditions which have been, and are still considered by large numbers—I venture to think the majority within the Church,—as

external to her life and work. But here we come upon obstacles that can in no way be placed outside the Church. They are too much in evidence within. We are constantly stumbling against them; they are ever reminding us of their presence with us.

Foremost among these I would place the indifference of multitudes of Church members to this ideal so effectively and beautifully described by Mr. Ramsy Macdonald. These people are not seized of any adequate conception of the Church's mission to transfigure society because they have never vitally related themselves to the work in hand. On our church rolls they have a name that they live, and are, nevertheless dead—dead in insensate indifference to the fact that their membership in the Church implies an obligation to share in the activities of the Church as she presses forward to the accomplishment of her divinely-given commission.

This deadly indifference is the most alarming aspect of the situation confronting the Church from within, as it always has been; for so long as this benumbing, paralyzing influence is upon the Body of Christ, so long will it seem to the world that those who profess to be members therein have no faith in the power of Christ to enable them to carry out the commission He has entrusted to them. It is this implicit scepticism behind the indifference that makes the situation so alarming—in fact there is nothing that need cause us so much alarm. Prof. George Adam Smith vividly describes the danger there is in this attitude, when he says: "The great causes of God and Humanity are not defeated by the hot assaults of the Devil, but by the slow, crushing, glacier-like masses of thousands and thousands indifferent nobodies. God's causes are never destroyed by being blown up, but by being sat upon." If the gates of Hell could prevail against the Church of Christ it would only be because those within the Church were indifferent to the issue of the mighty warfare in which she is engaged, and are sceptical of the necessity of the conflict. No true soldier of the Cross can believe that defeat awaits the hosts of the Lord; but, alas, we are all forced to recognize that the final victory is long deferred because our numerical strength does not represent our fighting force.

What is the cause of this indifference? Those who know the inner life of the Church can give but one answer. It arises from lack of consecration to the Church and to her Lord. The lure of pleasure; the inclination to self-indulgence; the consequent disappearance of the stern and heroic virtues; the violation of the sanctities of life as expressed in family and social relations; the abandonment of the family altar; the use of the Lord's Day so

largely for commercial purposes and as a day dedicated to worldly pleasure; without the slightest regard for its religious significance; the prevalent disregard for the Bible, all result in the loss of a sense of responsibility to Christ, and when that is lost there can be no true interest in the Church.

I have called this the most alarming aspect of the problem the Church has to meet to-day. It is an obstacle in the way of her progress that will challenge the virility of our faith and the heroism of our endeavor in behalf of the Church and the world; for we shall find nothing harder to combat than this same, terrible inertia in the attitude of the members of the Church. But stern as the challenge is we ought to welcome the opportunity it gives us to emphasize anew the demand for those qualities of character necessary in the follower of Christ, and to declare that there can be no concession to the tendency to enter the Church as a mere matter of form, and to use it as a social club, without any regard to its spiritual and religious aims and ideals.

The necessity of this is seen when one reflects upon the train of evils that follows in the wake of this tendency in our Church life. I do not exaggerate conditions when I say that there is no discouraging and disappointing aspect of our work but is directly traceable to the merely formal relation that so large a proportion of our members sustain to the Church. Are our churches half empty? It is because so many members of the Church have but an incidental and very irregular interest in the services. Any excuse will serve to explain their absence, and almost any attraction will more than outweigh for them the value and importance of the church services as an aid to the culture of the soul and the development of our fellowship with those who worship with us. Is there difficulty in securing teachers for our Sunday School classes? The explanation in many cases is found in the current belief that church membership does not carry any direct obligation to take part in the work of the Church, and to the increasing unwillingness to give up an hour or two on Sunday to Christian service, when the time might be spent in some form of recreation. Is there an indifference, that breaks out sometimes into open hostility, towards the work that is carried on outside of the local church—the work of Home and Foreign Missions in their various forms? Then we may find the ground of this in the fact that the indifferent and hostile did not enter the Church of Christ in complete submission to His authority as Head over all, and care nothing for the

great consummation for which He has bidden us strive and pray.

We might continue this analysis of the situation and find that behind the Church's failure to fully realize herself as the Body of Christ is this deadness of the spiritual life in those who call themselves members in that Body.

This analysis also reveals the necessity and the obligation the Church is under, in order that she may accomplish her mission, to keep herself pure. Our statistical reports would suffer violence, and we might show a great decrease of our numerical strength, but that should not greatly shock us. We do not number our armies by the uniforms that are manufactured by military tailors, nor by the rifles that are stacked in our armories. The fighting efficiency of the force is what counts—the men who wear the uniform, animated by high and holy patriotism, inspired by the spirit of heroic sacrifice, and who know how to use the weapons of their warfare in the service of the King.

Circumstances and conditions within and without the Church render it imperative that this high doctrine be proclaimed with insistent iteration. The doctrine will seem drastic to some, and many a sensitive soul will shrink from declaring it, but the time has come when we must depart from following the line of least resistance and follow hard upon that of the greatest necessity.

I come now, for the purposes of this address, to the last obstacle that we need to consider. This one is so venerable with age, so rooted in tradition, so widely distributed, like certain geological formations, throughout the world, and so nurtured by ecclesiastical pride and prejudice, that there are many sincere and honest-hearted Christians who believe that it is an inevitable feature of the Church's existence, and that it is useless to attempt in any way to remove it. I refer to the divided state of the Church, so that

. With a scornful wonder
Men see her sore opprest,
By schisms rent asunder,
By heresies distrest.

Fortunately this fatalistic view is not allowed to have the field to itself. A better understanding of the nature of the Church, a thoroughly scientific study of her origin and development, a deep and conscientious desire to probe the causes of her manifold diversions, a heartier appreciation of the work being done by those

outside of our particular communion, and the pressure of circumstances in which we find ourselves related to the work to be done, are all contributing to bring the various churches into a compelling consciousness of their need to come together into a unity that shall make the Church the most formidable foe of all evil, and the whole-hearted, powerful ally of every movement that seeks to promote the well-being of all men throughout the world.

While every factor I have named is making an important contribution to the development of this spirit of unity, I think that the compulsion of circumstances surrounding the Church is, in many ways, the most effective. We are facing problems that can be solved independently by no one communion, but which may be by uniting the forces of all who hold to the fundamental articles of the Christian faith.

These problems are in the foreign mission field, where in many cases they are being solved more rapidly than at home. They are here with us in increasing seriousness, with the increasing influx of peoples of many nations and tongues. Every day brings, on an average, the numerical equivalent of a parish of nearly 1,400 souls to our shores, so that it is impossible for our colleges to provide for their ministry in things pertaining to the highest life. Every church is feeling the strain of this condition, and appealing for the best and noblest young men to enter the ministry. Even the Roman Catholic Church confesses to a shortage of priests and a shrinkage in the number of young men offering themselves for the priesthood. In view of this situation common sense dictates the necessity of union, and the common Christian consciousness condemns the perpetuation of disunion, rivalries and jealousies, in the name of Him who is the One and Undivided.

The "Appeal on behalf of Christian Unity" issued by clergy of the Anglican Church in Canada is one of the most hopeful signs of the times in connection with our separated brethren of that communion. The whole Bench of Bishops declaring, as recently did the Bishop of Quebec, that in fidelity to their consecration vows, by which they "promised to banish and drive away all erroneous and strange doctrine contrary to God's word." they must oppose this movement, and advise their clergy to do so, or they will be unable to arrest the growth of the spirit which it represents. The future of the Anglican Church in this particular is not in the hands of the Bishops, or even of the Clergy, but in the hands of the laymen, many of whom were nurtured in the more catholic spirit of other communions and have not yet forgotten the freedom and in-

spiration of their early church associations. These will drive Bishops and Clergy, if they will not lead or be led, to take a broader view of church relations, than their present narrow, sectarianism permits.

The result of the religious census just held in Montreal, in which all the Protestant Churches participated, as well as the Jewish rabbis, is sufficient condemnation of a policy of aloofness on the part of any church, and demonstrates the need of the closest co-operation possible, even where actual union cannot be effected. The cry of the 70,000 churchless men, women and children, discovered by the census-takers, in a city of churches, is a startling commentary on the folly and sin of ecclesiastical exclusiveness. If the pastors and ministers of the churches do not feel the shame of it the laymen will, and they will demand a settlement of accounts with those who oppose co-operation or are indifferent to its urgent necessity.

The Federated Theological Colleges in Montreal have demonstrated the possibility of working under the principle: In things essential, unity; in things doubtful, liberty, and in all things, charity. But more than this, it has come into being at a time to bring the men of the future Church into cordial and sympathetic relations during the days of their preparation for the great task that awaits them, when shoulder to shoulder they will unite in bringing the world under the regnant sway of the King of Kings and Lord of Lords.

It is unnecessary that I should do more than mention the great movement towards union in which we have been permitted to take a part. The proposed Basis of Union has features that do not commend themselves to some of us, and have made us doubtful of accepting it in its present form. But I venture to say that there is not one minister within the bounds of the Congregational Union of Canada, and very few laymen, unless they be ultra-Independents—an almost extinct species—but what would wish the movement success, and fervently hope and pray that when we come to the day of its consummation, as I am convinced we shall, the terms of the Basis may be such that not one conscientious Congregationalist need be left out of the United Church. Fortunately the opportunity to lessen the obstacle of what has been generally termed “our unhappy divisions,” is before us, and no one who has watched the development of the opportunity will hesitate in saying that God’s Hand has been in it. We are hastening on to the day when

in a much larger and truer sense than we have been able to in the past, we shall be able to sing,

We are not divided,
All one body we.

It remains for me to say but a few words in conclusion. I have dwelt upon some of the darkest and most discouraging features of our church life. But this has been only for the purpose of bringing into strong relief the glorious and inspiring opportunities that arise out of their very existence. The Church has always had to confront difficulties and win her way through bitter and persistent opposition. Against the superstition, the bigotry, the intolerance, the ignorance, the vice, the cruelty of the ancient world she fought until she was recognized as the champion of righteousness, truth and love. The history of the primitive Church has been repeated whenever she has been alive to the true purpose of her mission. Only when she has been indifferent to the obstacles hindering her progress has she appeared decadent and contemptible. The noblest traditions and the most illustrious services rendered by the Church in the past, summon us to carry on the work that has been entrusted to us, with holy zeal and unflinching fidelity to our Master, as well as to those who served Him, even unto death.

In the mighty struggle just brought to a close in the Balkans, Bulgarian mothers sent their sons to the front with this solemn adjuration: "Your father fell in '77; go now, and see that you do not disgrace his memory." In the mighty struggle in which the Church of Christ is engaged, there are those of no less heroic temper. They are deeply sensible of the evils against which they must contend, and are earnestly seeking wisdom and strength for the conflict. They know that when the Church establishes sympathetic, helpful relation with those who are suffering from the prevalent social disorders and abuses; when she secures the needed efficiency in service; when the great distinctive communions come into one great fellowship of love and service, then she will go forth on her way "conquering and still to conquer," until the kingdoms of this world are become the kingdoms of our Lord and of His Christ, and He shall reign for ever and ever." Strengthened by this knowledge, and inspired by the vision, once more the Church will transform obstacles into glorious opportunities, and thus fulfil her divine mission.

The Report of the Committee on Church Union was then presented by Dr. Warriner.

REPORT OF THE COMMITTEE ON CHURCH UNION.

Your committee is glad to report that considerable progress has been made in the direction of Church Union since last we met.

We were then awaiting with great interest the action of the General Assembly of the Presbyterian Church, meeting at that time in Edmonton, in relation to the report of its committee on Church Union. That report, while recognizing that "the large vote cast in favor of organic union demands some definite action in the direction of closer union," stated that "the strong minority in opposition shows that organic union is not feasible at present."

When, however, this report was presented to the Assembly, it was found that the sentiment in favor of organic union was much stronger than had been supposed. The committee was enlarged by the addition of twenty members, and after reconsidering the whole matter, brought in a new report. The recommendations of this report are so important that we give them here.

“The committee, convinced that organic union is the best method of expressing the unity desired by all the Assembly, deems it unwise to proceed immediately to consummate the union, but believe that by further conference and in discussion, practically unanimous action can be secured within a reasonable time, and meanwhile resolves as follows:

“(1) That it be an instruction to the Home Mission Committee to arrange with the other negotiating churches for further delimitation of territory within which they shall severally establish new missions, as well as for the fuller application of the principle of co-operation already adopted by the Assembly.

“(2) That it be instruction to the Foreign Mission Committee to confer with the mission boards of the other churches, with a view to co-operation in every possible way.

“(3) That similar instruction be given to the Board of Social Service and Evangelism.

“(4) That it be an instruction to the committees charged with the publications of the church, to enter into correspondence with similar committees of the other churches, as to the possibility of combining their work as a whole or in part.

“(5) That it be an instruction to the board of the colleges to consider the possibility of co-operating with the colleges of other churches situated in the same localities, so as to avoid unnecessary duplication in teaching.

“(6) That the Union Committee be authorized, in conjunction with the other negotiating churches, to provide for the oversight of union congregations not originally connected with any of the three churches.”

This report was adopted unanimously, it being the first time in the history of the union negotiations when no amendment of any kind was submitted. This action has been variously interpreted, but it distinctly places the Presbyterian Church on record as convinced that organic union is the best method of expressing the desired aim of the Assembly, as well as its belief that practically unanimous action may be reasonably anticipated within a reasonable time. Meanwhile the Assembly's definite instructions as to co-operation with other bodies are being carried out in various directions.

Later in the year, viz., on the 14th of December, the subject was again considered by the Union Committee of the Presbyterian Church, meeting in Toronto, when 44 members were present. A majority as well as a minority report was presented. The minority.

consisting of six members, favored leaving the matter of organic union in abeyance, and seeking other methods of co-operation. The majority recommended as follows:—

“That the Assembly assure the other negotiating churches that the Presbyterian Church fully realizes its share of responsibility in the present movement, and earnestly desires that the spirit of Christian unity, which has given rise to it, may be conserved and deepened, and asks the other churches to continue the negotiations, because it feels the desirability of the practically unanimous action of all its own members in order that the results of any union entered into may be most happy and far-reaching.

“That the union committee be continued, and that for the full and fairest consideration of every aspect of the question, proposals be invited from Presbyteries, from Sessions, congregations and individuals through Presbyteries, and referred to this committee in order that it may, after considering them again, enter into conference with the committees of the negotiating churches, with the view of setting before our people a final presentation of the question for their judgment.

“That in order to secure the judgment of the church, the findings of the joint committee of the negotiating churches on all such proposals, be sent down to Presbyteries, Sessions, and congregations, with the details of the vote already taken, and all other relevant information.”

In harmony with the above resolution, representations were made to the other negotiating bodies, including your committee, giving assurances of the earnest desire and purpose of the Presbyterian Church and its sense of responsibility in this matter.

Your committee, through its executive, replied as follows:—

The Rev. W. J. Clark, D.D.,

Convener of the Presbyterian General

Assembly's Committee on Union.

My Dear Dr. Clark:

Your memorandum of the proceedings of your Committee on Union was brought before the Executive of our Congregational Union of Canada last week, and I was instructed to convey to you their appreciation of your courtesy in taking them into your confidence. We fully recognize the great desirability that in each of the negotiating bodies there should be as near an approach to unanimity as possible before the final step is taken to bring the union into effect. We are fully aware that in all great movements

patience and the wisdom that goes with patience are necessary to secure the best results. No time can be regarded as wasted time which has been spent in getting God's work well done.

We therefore will wait quietly and hopefully until the hour arrives when you feel that you are fully warranted in taking up once more the thread of negotiations with a view to a permanent settlement of this great issue. We trust that in the meantime you may be fully conscious of the guidance of the Holy Spirit, and may ever have the comfort of knowing you are moving along the line of God's providential leadership.

Faithfully yours.

(Signed) HUGH PEDLEY.

March 4th, 1913.

W. H. WARRINER.

In regard to the Methodist Church, we are informed that the votes received up to June last indicated that almost 90 per cent. of the members of the church who had voted, were in favor of union upon the proposed basis, and that about 50 per cent. of the church membership had voted.

It would therefore appear that as far as the Methodist Church has expressed itself, its feeling is practically unanimous in favor of organic union.

Meanwhile the churches are co-operating in various practical ways. In Vancouver the Presbyterian and Methodist Churches are building their theological colleges each on seven acres, in close proximity, with the purpose of co-operating as much as possible. In Montreal the four theological colleges, the Diocesan, Presbyterian, Methodist and Congregational, have just completed a very successful winter's work, in which they have co-operated in offering common courses of study, and have issued a common calendar for the next session. An Interdenominational Committee has also been formed in the same city, composed of representatives of the three negotiating bodies, to prevent overlapping and waste of energy, and encourage co-operation in church and social work. It has already interested itself with beneficial effect in various union efforts, as for example at St. Anne de Bellevue, the home of Macdonald College, where plans for a union church are practically complete.

A similar committee has been for some time in operation in the City of Toronto, with beneficial effects.

We would also report concerning the Independent Union Churches in the Western Provinces, that the matter was taken up by your committee as instructed, and in conjunction with the other

negotiating churches a joint committee on the oversight of Union Churches has been formed. This committee has held four meetings in Toronto, and through a special committee, has had conference with the representatives of the Union Churches in the West, but has not yet been able to arrange any definite plan of action. In conclusion we recommend the adoption of the following resolution: "Resolved that in view of the restlessness under the present conditions, the desire for united action in many parts of the country, especially out in the West, as well as the tremendous importance of having a definite policy in these days of rapid expansion, we express the fervent hope that the Union, the desirability of which all three bodies have affirmed, may speedily become an accomplished fact."

We would also recommend the continuance of the committee.

Respectfully submitted,

W. HENRY WARRINER,
Secretary.

On motion of Dr. Warriner, seconded by Mr. Henry O'Hara, the report was adopted. It was also voted that the resolution be forwarded to the Presbyterian and Methodist Churches.

The report of the *Committee on Publications* was then presented and adopted. There ensued a discussion of methods for the improving of our publications, both in matter and circulation.

SECRETARY'S REPORT.

In presenting the report of The Publication Committee of The Congregational Union of Canada, your committee beg to say that The Congregationalist has been issued as usual, fifty times during the year, and The Congregational Year Book has been prepared and issued to the Denomination. We feel that we cannot praise too highly the work of our Editor, Rev. E. D. Silcox, who has spared no effort to make our publications as useful to the Denomination as possible. Our printer, Mr. W. Edwin Mertens, has also done much to facilitate the business of your committee.

We have endeavored during the year to materially increase the circulation of The Congregationalist, and are pleased to report that we have met with some success, in some of the cities and towns where we have churches. We had hoped for a larger increase in circulation, but possibly we may realize some of our expectations during the coming year. The results that we have obtained clearly show us that if a determined effort were made, in all the churches in the denomination, that we could possibly more than double the number of subscriptions to the paper. We make an appeal that every church in the Union appoint a representative to canvass the church for subscriptions to the Congregationalist and the Year Book, and to send to the Editor items of interest to the denomination. This has been done with a large measure of success in a few of the churches, and if a few can do it, why not all? We would ask you to bear in mind that this paper is designed for the home, and should enter regularly into every home in our denomination, and this is the aim and object of your committee.

With reference to the Year Book, we regret that more of our people do not seem interested enough to possess themselves of one of these valuable books. This book, containing as it does, in a concise form, reports of all the denominational work that is carried on, should be in the hands of every church member. The information contained therein can be had in no other way, and the purely nominal charge that we ask for it puts it within the reach of every one. Some of our churches have adopted the plan of buying a sufficient quantity of the Year Books to supply every family in their church with a copy. This plan may be worth the consideration of some of our churches where very little interest is shown in the circulation of this book. We would ask you to bear in mind, in making this appeal for a larger circulation and interest in our

publications, that an increase in the quantity of our publications will enable us to produce our paper at a lower cost, and the increased revenue received will give us an opportunity of making certain additions to the usefulness and value of the subscriber.

We are face to face this year with an increase in the cost of printing the Year Book, and there are a number of other minor expenses that will have to be met, so that we have felt it necessary to ask some of the societies for an increase in their grant which they give to us for the use of the columns of the paper. This was only done after mature consideration of the situation, and it was felt that it was the only way of meeting the immediate demand for a larger revenue.

We are looking for a year of progress in this department of the work, and trust that we will see the accomplishment of many of the plans that we have for the development and improvement of our publications.

All of which is respectfully submitted.

Secretary.

A number of *communications* were then presented and acted upon.

From the Dominion Alliance, asking that the Union name four representatives to act on its Council. Referred to Nomination Committee.

A letter from Mr. Rayner, apologizing for his inability to lead devotions Friday a.m.

The Business Committee was asked to secure a substitute for Mr. Moule, to lead the Saturday a.m. devotions.

An application for membership from the Rev. John Lyall, of Speedside, was referred to the Membership Committee.

A communication from the Bible Society re the Observance of a Bible Sunday, was referred to the Business Committee.

A discussion of the Apportionment Plan took place, led by the Rev. Mr. Margrett and the Rev. W. T. Gunn. Adjournment took place on the understanding that discussion would be continued at a later time.

SATURDAY MORNING, JUNE 7TH, 1913.

Devotional exercises were lead by the Rev. Mr. Sanders.

Dr. Martin then delivered the third of his addresses. Subject: "The Hope of the New Covenant."

The Business Session opened at 10.20 a.m., Chairman presiding. The minutes of the previous meeting were read and confirmed. The Secretary presented an application from the Rev. P. C. L. Harris, of Toronto, asking that his name be continued on the roll of the Union. Referred to the Membership Committee.

The order of business for the day presented by the Business Committee, was adopted.

The discussion of the amendment to *Standing Rule No. 1*, of the Union Constitution, was then taken up. An amendment to the amendment was moved, namely: That in the clause in the first sentence, reading "Shall be referred to a Standing Committee on Membership," the word "standing" be omitted; and that in clause 3. dealing with the grounds for reception of members, after the words, "Their good standing therein," the words "and dismissal therefrom" be added.

The discussion of the entire amendment was adjourned until other matters of business were attended to. Time was then given for the presentation of the report of our representatives on the *Moral and Social Reform Council of Canada*.

At this point the Rev. Mr. Coburn, Secretary of the Committee

of Forty on Social and Moral Reform in Toronto, was given a hearing, dealing with the issue of immoral plays in this city. It was moved by the Rev. Mr. Stauffer, seconded by Dr. Copp, and carried,

“That this Union believes that the time has come, when all public amusements and entertainments should be supervised by the public authorities, to the end that the morals of the people may be protected against the evil designs of men, whose chief object is to take profits from the corrupt appetites of the evil minded, and the undisciplined imaginations of the young and inexperienced. We are in sympathy with the various organizations which have represented all good people in endeavoring to prevent indecent plays and pictures, and bespeak for them the sympathy of the people whose battles these organizations and committees are really fighting. We plead with the daily press to support all movements aiming at the purifying of public amusements, and to discourage carping criticism of such efforts by those who profit directly or indirectly from foul plays, pictures and literature.”

Dr. Copp then presented the report of the representatives of the Union on the *Moral and Social Reform Council of Canada*. The report was adopted, and the following resolution recommended in the report was also adopted, with the provision that the report should be printed in the “Congregationalist.” Resolved and carried,

“That this Union commends the action of the Minister of Justice, in introducing legislation covering certain amendments to the criminal code of Canada, but regrets that he did not see fit to include in his bill the amendments asked for, namely: 1. To raise the age of consent. 2. The making of the life of adultery an offence before the law. 3. The making of all employers responsible for seduction by them of female employees under twenty-one years of age. 4. That relief be given to the evils of race track gambling.

It was then moved and carried that the proposed amendment to standing rule No. 1 be adopted, the rule as amended, may be read in the Constitution of the Union in the Year Book for 1914.

The Rev. F. J. Day then presented the following resolution in regard to the Apportionment Plan, which was adopted:

REPORT OF TEMPERANCE COMMITTEE.

It is with feelings of deepest gratitude to God that we present our report on Temperance, calling attention to certain features of it which give us occasion for praise and thanksgiving. It is certainly true that in all the history of our Dominion the subject of temperance and social and moral reform has never been discussed and pushed forward with such vigor and enthusiasm as has been done during the past year. From end to end of our Dominion the tocsin has continually sounded, and the forces—the almost united forces of the church—have rallied to the battle. All the church Courts, Conferences, Presbyteries, Unions and Associations, have sounded the alarm, calling upon the members to come up to the help of the Lord, etc. Our cause is growing in public favor constantly. New territory is being added year by year to our dry places, so much so that we can now report 502 municipalities in the Province of Ontario alone where there is not one legalized saloon, and if a majority rule obtained, as it should, we would have 114 additional, making 616, and in the Province of Quebec 859 municipalities out of 1,168 are counted “Dry.” Instead of having 6,185 licenses granted in our Province, as in 1875, to-day we only have 1,620—the cutting off of 4,565 licenses is cause for great rejoicing. We have got the saloon on the run and purpose keeping it on the run.

We are fully convinced that the day has come when the united forces of all our churches should rally about the standard of Prohibition, for nothing short will satisfy the demands of our growing country.

It is with satisfaction we report the progress of Local Option in its working, and most heartily do we commend it to all our churches and ask them to do all in their power to further its interests both in regard to securing and enforcing it.

Let not the cry “Banish the Bar,” be sounded in vain—if we would save our country from the awful blighting curse of intemperance we *must* “banish” it. If we wish to help the incoming immigrants we must do so; if we wish to protect our own young and rising generation from the fearful ravages of the intoxicating cup, we will banish the bar, which is the prolific source of so much that is demoralizing and degrading in our national life. We have too long sinned against God and our fellow men by licensing this

unmitigated curse, and we are reaping what we have sown, and before God we can truly say, and do so with humility, that "we are verily guilty concerning our brother, in that we saw the agonies of his soul, when he besought us and we would not hear, therefore, is this distress come upon us."

In closing we again desire to place on record our heartfelt appreciation of the work being carried on by the Dominion Alliance, which is the fighting force of the denominations, and we trust all our churches will assist the Alliance in their noble endeavors to bring about local option and to banish the bar, and thus to hasten the day when the white flag of prohibition shall wave in glorious triumph from end to end, from sea to sea, over our fair Dominion.

Respectfully submitted,

E. D. SILCOX.

THE LATE DR. GRIFFITH JOHN

SIXTIETH ANNUAL REPORT OF THE CANADA CONGREGATIONAL MISSIONARY SOCIETY.

It is with pleasure the Executive present this report of a year marked by substantial progress. Among the outstanding features of the past twelve months have been the coming to self support of Crescent Church, Winnipeg, owing to the earnest challenge of their pastor, Rev. J. G. Hindley, and the hearty response of his people. It is a pleasure also to record that as a mark of gratitude to the Missionary Society for help received, they are paying their pastor's expenses to this meeting to speak on our Home Missionary night. Liverpool and Milton, after many years of effort to that end, have at last been allied under one pastor, thus reducing the help necessary, and making a much stronger work. Kingston First and Landis also have prospered, and reduce their applications for grants this year.

In new work we have to report the opening of a new German Church in Calgary, under our second German pastor, Rev. Fred. Anhorn, with some 74 members, the new cause opened on May 25th in Kitsilano, Vancouver, under the First Church, Vancouver, with Rev. A. E. Cooke in charge, as assistant to Rev. J. K. Unsworth, and the opening of a cause in Welland, by Mr. U. B. Aim. The fine campaign of the Montreal Churches, in which in three days they secured over \$10,000.00 of gifts to help Amherst Park and Crystal Springs Churches erect suitable buildings, is worthy of all praise. In Winnipeg the lot for the North End Settlement Work, till lately held by a few individuals, has also been taken over by the Winnipeg Extension Society, who have thus formally undertaken this work and will in good time carry it through as they have their previous undertakings.

Toronto plans, though not yet taking material shape, are maturing for the development of three new causes.

But besides these more striking examples there has been a great deal of faithful work in all our causes. Beginning at Margaree in the East, our survey of the whole field, we have to report that Mr. Bevis has closed his five years of good work in Margaree and moved to Chebogue, while Rev. J. H. Sulston takes charge in June. A proposal to unite in one the Presbyterian, Methodist and Congregational work in the Margaree Valley, has been already received favorably by the Presbytery of Inverness and will be considered by the Methodist Conference this summer.

Milton has since last July been united with Liverpool, under

the pastorate of Mr. H. G. Wright. Pleasant River, under Rev. G. W. Ball, reports ten additions and a bright outlook. Economy has been without a regular pastor since Mr. Sulston resigned last fall to take a year in College, and is not at present supplied. Kingsport has again lost a pastor after only a few months' supply, but has a student for the summer, and hopes to have a settled man next fall. St. John, N.B., passed through a trying year, owing to the illness and subsequent resignation of the pastor, Rev. H. S. Mahood, but is now supplied with Student Teale for the summer.

In Quebec, Fitch Bay, under Rev. R. Wilson Carr, has had a good year and added 19 to the church lately. Ayer's Cliff, under Rev. Churchill Moore, has made steady progress. In Montreal, Point St. Charles, under Rev. A. W. Main, is working out the last of their promises toward their church building, and has had the joy of receiving into the Church some 68 souls. Amherst Park, under Rev. H. Moule, has sold their old site and building, and with the generous help of the sister Churches, will now proceed to the erection of a new and beautiful building. Crystal Springs, though not directly under our care, it will be happy to note has also erected a new and good building and organized as a Church, with 25 members, and is making good progress with Student Steed as leader. Union Church, under Rev. H. B. Gantt, has added 11 members, but is much in need of a church building of their own. Franklin Centre is still under student care.

In Eastern Ontario, Kingston First has prospered under Rev. E. LeRoy Rice, has reduced its grant, added to its membership, and expects to be self-supporting again next year. Calvary has had a good year and settled Rev. S. T. Butler as pastor last fall. Ottawa South has suffered severely in the resignation of two pastors during the year, but is improving again, under Student Paley. Its happy features are a strong Sunday School and Young People's Society of Christian Endeavor.

In the Toronto District, Cobourg and Coldsprings met our challenge of last year and raised Rev. A. F. Pollock's salary \$100.00, and report 17 additions to membership. Barrie, under Rev. Wm. Hipkin, reports 5 additions. Churchill continues under student supply.

In the Western Association, Hamilton Emmanuel, has added 15 to the Church, and over \$100.00 to Rev. Mr. Rayner's salary. Stratford reports 15 additions, but has lost their pastor, Rev. A. E. Cooke, and has not yet secured a successor. Woodstock has just

settled Rev. A. J. Orr, and has a brighter outlook than for some time.

The United Brethren Association are doing faithful work, and have fully paid up the grants made through our Society to their aided Churches.

In the West, St. James Park, Winnipeg, with Rev. Edgar Whitehouse as pastor, has added 31 to their roll. Crescent Church, Winnipeg, responded to the challenge of their pastor, Rev. J. G. Hindley, and from receiving aid at the rate of \$1,200 a year, jumped to self support, and has been independent since the first of the year. They have also added to the church 43 members, and on this happy progress we most heartily congratulate them. Brandon, under Rev. A. J. MacKenzie, added 29 to the church, and has made distinct advance, but needs badly a new building. During the year they have received generous help from the Extension Society in Winnipeg, toward the payment of rent for a parsonage, and several members of Central Church, Winnipeg, have lately made generous promises of help for the securing of a new Church. Carleton Union, under Dr. Ralph, goes steadily along. Landis, under Rev. G. J. Hindley, has had a good year, reduces their grant and has improved the buildings, partly through kindly gifts from the Woman's Board. Naseby has student supply for the summer, but should have a settled man next fall.

Calgary has been without a settled pastor the greater part of the year, but is now happily supplied by the Rev. J. Lambert Alexander, and is planning for a new and larger building in a district of the city where it will have a distinct community to serve.

It is with regret that we have to state that the little church at Edmonton found themselves unable to comply with the suggestions as to Church Creed and Constitution laid down by our committee, in accordance with the desires of the Colonial Society, and that the grant, therefore, having to be withheld, the Church dissolved. It is to be hoped that we may be able to start in that city in more permanent form.

In Vancouver the First Church have carried out their long cherished plan and have built a frame building on the lot purchased in Kitsilano, the whole equipment costing about \$8,900.00. They have also called Rev. A. E. Cooke to be Associate Pastor with Mr. Unsworth, and to have special charge of the Kitsilano cause. This was opened on May 25th, and will have a district to itself, by

agreement with the Presbyterian and Methodist Committees of Vancouver.

Rev. Uils C. Barrie has been preaching during the year at Carlstadt, Alta., at five stations, at some in Norwegian and others in English.

Our Swedish work has to report some changes. Rev. C. A. Hallberg, at New Sarepta, has resigned, and also Rev. B. A. Person, who for part of the year was at Meeting Creek. Rev. G. A. Sanden will supply the Highland Park and New Norway fields for the present. Rev. C. G. Anderson is still at Wetaskiwin and Lewisville. This whole work needs visiting.

Our German work has grown steadily under Rev. F. A. Willman, and he has divided the field, giving the new Church in Calgary, and also the Mayton and Sunny-slope fields to a second man, Rev. Fred Anhorn. In Calgary they have a lot promised to them by the C.P.R., on condition of their buying the next lot, and this they will likely do, but need help to erect a Church. The reports now show eight organized Churches and 10 preaching stations belonging to the German work. Rev. Mr. Alexander, who has visited their service on the Sunday afternoon, in Calgary, speaks very highly of the work and workers.

So much for a detailed, though brief view of the fields. If any one asked the question, "What has been done this last year?" they would probably expect the following figures. We had under the care of our Society 45 missionaries and students, who preached in almost 100 churches and preaching stations. Under the care of these men were about 9,500 people, of whom 3,050 were members of the Churches, and into these Churches last year were received 446 souls. So much for the direct work, though these figures include only a portion of that. But what of the by-products? In these days our factories are learning to carefully estimate the by-products, and in these some of our factories find their greatest profits. So in the case of these Home Mission Churches. The results are not to be measured by the increase in the Church roll or the progress toward self support alone, valuable though both of these are. But what of the steady outpouring, not only of the young people, but of whole families to our great new West. Report after report shows this. Far away Margaree in Cape Breton will lose six or seven families this Spring to the West, Lower Selmah gives eight young men to Medicine Hat, and South Maitland two of their best families to the West. The census tells the same story, with the large number of Congregationalists

in Alberta and Saskatchewan, far more than can be accounted for by our Churches in these Provinces. But this is good building material for the nation, and part of the by-products of our missionary work.

There is also to be counted the effect on the givers in our Churches of their contributions to Home Missions, the more generous spirit, the wider knowledge of our country, the broader outlook given to them. Nor must one forget to count, though it will be fully reported later in the Immigration Department's work, how much it means to the newcomer at the port of entry, to have the unofficial welcome of our Chaplains given to them. Your Secretary had the pleasure of acting as Chaplain one day in St. John during the winter, giving to eighteen Congregationalists the hand of welcome, and various help needed, not only to Congregationalists, but to others. "I tell you, Sir, this is a little bit of all right. They didn't look after us this way at home, Sir. There we were like a lot of sheep rushing about a big barn, without anybody to look after us; we won't forget this!" So said one of the newcomers. But this is a by-product, and you cannot find this man's gratitude in our statistics.

But there is a more material side to the by-products than this. At the time of our Jubilee Fund, Rev. J. K. Unsworth had a list of things we might do if the Church debts were wiped out, one of these was to "double our gifts to Home and Foreign Missions." We have done something along other lines he suggested as well, but how about this doubling?

Our gifts in 1905-6 were:

Home Missions—

C. C. M. S.	\$3,603 38	
C. C. W. B. M.	648 38	
		\$4,251 76

Foreign Missions—

C. C. F. M. S.	\$4,181 68	
C. C. W. B. M.	2,666 96	
		6,848 64

Grand Total \$11,100 40

For 1912-13 our gifts were:

Home Missions—

C. C. M. S.	\$7,790 67	
C. C. W. B. M.	2,122 84	
		\$9,913 51

Foreign Missions—

C. C. F. M. S.	\$9,243 66	
C. C. W. B. M.	5,626 64	
		14,870 30
Grand Total	\$24,783 81	

But this is not all, for this increase of \$13,683.41, or 125 per cent., is only the direct or main line, and there are yet the by-products, and in the case of Home Missions this must include Church Extension. Of this in 1906 there was nothing at all, nor had there been previously in any organized shape. But in 1912-13 we have the Montreal Council with its work of aiding Point St. Charles and Amherst Park and Crystal Springs. For these purposes there was paid, according to the figures of Mr. A. McA. Murphy, during last year, for Point St. Charles, \$2,050.94, and of the \$10,000.00 subscription secured in their three days' campaign for the other churches, about \$2,700.00 in all for Montreal over and above the regular Home Missionary giving \$4,750.94, and this probably does not include all the amounts so given.

Then in Winnipeg we have the Congregational Church Extension Society of Western Canada, not organized in 1906, but giving last year \$7,733.55, not only helping St. James Park and Crescent Churches in Winnipeg, but also buying a site for their North End Settlement work and helping Brandon, Landis and Naseby outside of Winnipeg. To this should be added about \$1,000, given by the Central Sunday School and Woman's Missionary Society for the present North End work. The Winnipeg friends have also agreed, on certain conditions, to give \$2,500 toward a new building for the Brandon Church.

Then in Vancouver the First Church have from the proceeds of the sale of the old site put into the Kitsilano cause, not only the \$3,187.50 refunded to the Jubilee Fund, but have duplicated this amount \$3,187.50, making \$6,375.00 so placed, but they are also, in addition to accepting their apportionment for Home Missions, of \$100.00, getting under \$800.00 a year, or over, for interest and maintenance, a total of \$900.00.

So that, adding this by-product of extension work, we find that there was given to what is really unselfish home mission work, about \$17,273.55 over and above all that passed through our books, and that this, added to the regular gifts, makes a total of \$27,187.06 for

last year, as against the figure of 4,251.76 for 1906, an increase of nearly 600 per cent.

In this connection it is interesting to note that the figures for all our income, Home and Foreign, Church Extension, and income from endowments for 1912-13, comes to \$53,266.70, as against \$21,130.03 for 1907-7.

But to come back to the work directly under our care. In the *Church Extension and Building Fund*, we have paid over toward the Amherst Park Church the sum of \$1,000.00, and promised another \$1,000.00, and have challenged the Ottawa South Church to raise half of \$300.00, the amount necessary to put their present property into the best possible condition, and this challenge they have accepted.

We have also purchased several more shares of the Ayer's Cliff Church, so that with shares previously held by the Society, and those owned by the members of the Church, almost all the voting stock is now in Congregational hands.

In matters of property, the Alton parsonage has been sold for \$1,000.00, and this amount will go to the capital of the Church Extension Fund. Truro Church has been sold for \$1,010.00, the buildings to be used for an interdenominational Deaconess Movement. The Nelson Church, bought by the Presbyterian Church of Nelson, has been paid for in a cash payment, and this amount goes back to the Building Fund, from which the amount was originally taken.

The Georgetown Church was held under deeds allowing the members to transfer it to any use they saw fit, and it was thus transferred to the town of Georgetown for use as a free library.

The farm property near Wetaskiwin we still hold. The lots in Grandview, Vancouver we still hold also, as on the advice of the Vancouver Extension Committee it was not considered a good time to sell.

The Toronto Zion property is still rented, and the net rental being used to reduce the mortgage indebtedness. We have, however, just taken steps to put this property on the market, and when sold the amount will be used for extension work in Toronto.

THE GEORGE ROBERTSON FUND.

Though not having a special evangelist under this fund, we have made frequent use of it during the year. Through it we were able to send Dr. Warriner for two months to help the Church

at Edmonton last summer. Then we guaranteed \$200.00 to our Swedish Churches for the support of a travelling evangelist among their people, but the necessary expense in having one of their number act in this capacity for three months, they were able to meet themselves.

Then we have assisted in four series of evangelistic meetings lasting in all nearly three months, with some forty conversions recorded. The total cost of these meetings was about \$400.00, of which the churches holding meetings met all but \$88.00. The Berlin Church met all the cost of their meetings, but sent a note of thanks for our guarantee and willingness to help them. Other meetings were held at Kingston Bethel; Waterloo Circuit and Sherkston.

THE CARE OF STUDENTS.

It is with pleasure we report that three of the men taking their special course, Messrs. Bevis, Sanders and Sulston, have completed their course and have been ordained.

In the matter of students' summer supply, we have felt that the rate heretofore paid was no longer sufficient, considering the cost of living, and we have therefore raised the rates to be paid students to \$40.00 per month, with travelling expenses from and to College and board. Of our own students four have been lent this summer to the Presbyterians, for work in the North West, the others were provided with work among our own churches, save two who are spending the summer at their homes.

THE COLONIAL MISSIONARY SOCIETY.

Our thanks are again due to this Society for their continued aid to the Carleton Union and Brandon fields, and for their offer of aid to Edmonton. Their Young People's Branch has also given £50 to the Landis field for the erection of a church building, and this will probably be built at Cando, on the Naseby end of the field.

We regret to report that Rev. Dr. Burford Hooke has been laid aside through illness, and compelled to take a long rest from his work.

THE WOMAN'S BOARD.

Our thanks are again due the Woman's Board for their hearty and loyal co-operation. They have not only helped our mission-

aries in many ways, fur coats, boxes of clothing, boxes of Christmas joys for the children on the prairies, and other gifts, but have given us \$1,200.00 for the general work, and also \$200.00 for the German work especially. Their prayerful and earnest interest in the whole work is also no small contribution to its success.

The Woman's Board of Nova Scotia and New Brunswick, which in former years gave directly to our Society, are now in affiliation with the Canada Congregational Woman's Board, and \$200.00 of the amount given comes from them. The affiliation will strengthen the denominational fellowship of our women from East to West, and will probably increase their giving.

Among the matters to come before our Society in the coming year should be, the provision of men for the churches now supplied by students, but to become vacant in the fall; the increase of our funds, for while some of the churches have made splendid gifts, yet it is on the whole true that we have yet much undeveloped giving powers, both as to number of givers and the measure of our giving. Then a revision of our Swedish work and a visitation to our German work should be undertaken.

We have also been obliged in the past to supply our Mission Churches with men as best we could, dealing with each case as it arose. This has resulted in contrasts in the salary of our missionaries that should be avoided, and some general limits to salary in different provinces should be set, so that the minimum in any case should be a living salary.

The various departments of our work, Educational, Immigration and Financial, will be submitted in separate reports. It is a matter of regret to us that the removal of Rev. J. Lambert Alexander to Calgary has made it necessary for him to resign as Educational Secretary, but he will be of help to us, not only in the Church at Calgary, but in the neighboring Mission Churches.

All of which is respectfully submitted.

WILLIAM T. GUNN,
Secretary.

EDUCATIONAL SECRETARY'S REPORT.

Eight years ago when the Union was meeting in this city, you honored me by appointing me to the office of Educational Secretary. The work was new to me, but there is always an attraction in the untried.

I have given a fair amount of time to the work, and it has been a pleasure to do so, meeting with the men in the Executive; enjoying the co-operation of the Editor of the Congregationalist, and the men in our Churches have all contributed to the pleasure of the work, and I am glad that the efforts put forth have been attended by a fair measure of success.

During the past year my time has been somewhat broken and I have not given the time I otherwise would have given to the work. Home Missionary news items have been kept in the columns of the Congregationalist. The annual C. C. M. S. number was issued the first week in March, also the annual pamphlets, one to the Churches, "Confirming Pentecost"; one to the Sunday Schools, "Young Canadians"; and envelopes for Churches and Sunday Schools, along with the letters to Pastor, Church Clerks and Sunday School Superintendent, notifying them that the leaflets and envelopes had been forwarded, and asking them to make use of them.

These evidently reached the Church in good season, as we have not received a single complaint this year.

My interest in the Churches has grown as I have engaged in the work of Educational Secretary,—knowledge of the Churches will always increase interest in them.

While I have endeavored to present the opportunities and needs of our fields, I have been led to believe I should give myself to one of these fields, and have accepted a call to Calgary. This has moved me far distant from the place of C. C. M. S. Executive meetings, and so made it practically impossible for me to continue as Educational Secretary, therefore, I tender my resignation.

Again expressing my appreciation of the fellowship of the men with whom I have worked, and those who have co-operated in the work, and wishing you abundant blessing and guidance, I am,

Faithfully yours,

J. LAMBERT ALEXANDER.

Calgary, Alberta, 1320, 13th Ave. W.

REPORT OF THE IMMIGRATION DEPARTMENT.

In the last annual report attention was drawn to a growing desire on the part of our churches to follow up the work which is

done to welcome the newcomers at the ports of entry. This was taken as an indication of an increasing appreciation of the importance and necessity of the work which has been accomplished by this department during the past six years. It is now my pleasure to report that this interest has been well maintained during the year, especially through the medium of churches in the large centres, who have had this work on their hearts. This has been specially noticeable in the churches where brotherhoods have flourished. Here a deep practical interest has been manifested in the welfare of the newcomer, and a hearty welcome has never failed to be extended to him.

But beyond our own local work it is interesting to note the growing sense of the necessity of all such undertakings on the part of organizations outside the Christian church. Various bodies interested in municipal welfare are now seeking to co-operate with the churches in their efforts for the welfare of the newcomer. A notable illustration of this was the recent influential deputation which went to Ottawa to interview the Government in reference to providing for Toronto something in the way of a hostel for new arrivals, where they might find a temporary home at reasonable rates until employment is secured. All this is indicative of the sensitiveness of the public conscience to the needs of the immigrant.

In continuance of the plan for a joint chaplaincy at Quebec for the Baptists and Congregationalists, Mr. M. R. Hartley of McMaster University was sent by the Baptist Home Mission Board for last summer. Mr. Hartley discharged his duties with entire satisfaction.

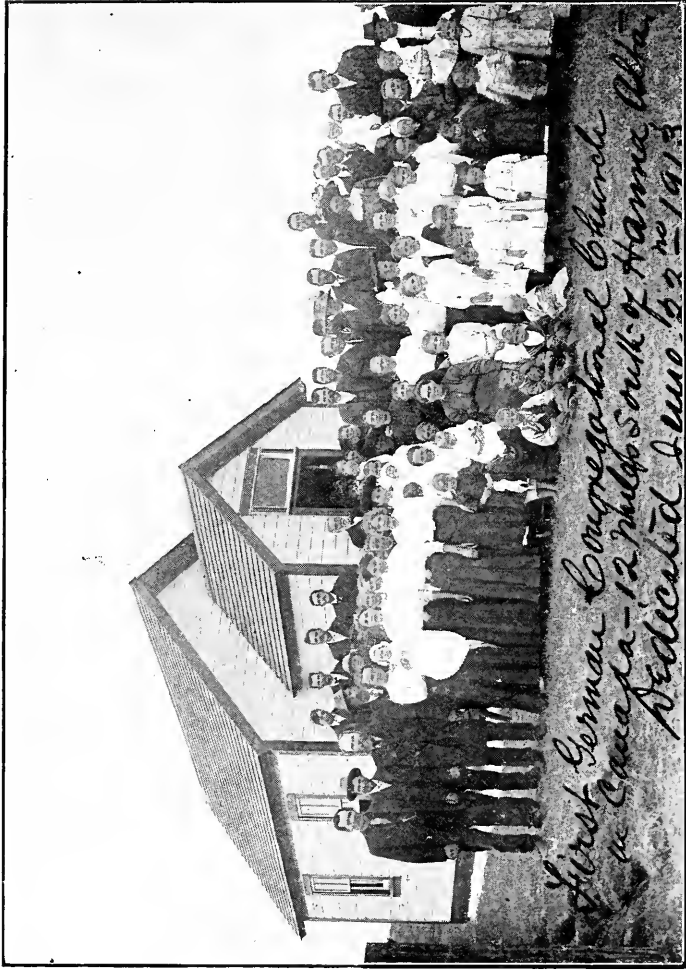

At Halifax during the winter we are able, for a small honorarium to secure the services of Capt. I. Harpell, who was acting as Chaplain for the Baptists.

Owing to the fact that so few immigrants land at St. John, compared with Halifax, we made no appointment at the former for the last winter.

The actual figures for the season's work are as follows:—

Number of Congregationalists met at Quebec.....	1,302
Number of Congregationalists met at Halifax.....	378
Number of Congregationalists met at Quebec by Rev. Dr. Jackson, Methodist Chaplain, after the return of Mr. Hartley to College.....	259

Total 1,939

First German Congregational Church
in Canapa - 12 miles south of Hama, Alaska
Dedicated June 15, 1913

For sake of comparison with other denominations, the following figures will be of interest, as recording the work done at Quebec for the summer:—

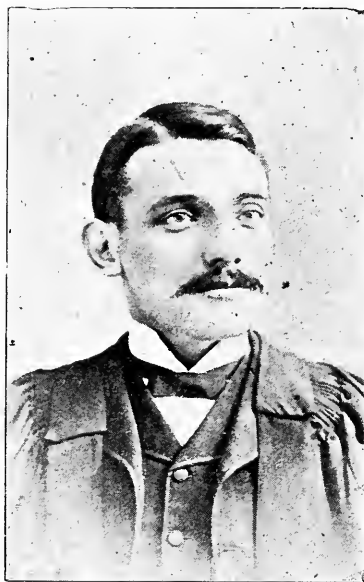

Number of Baptists met	1,889
Number of Methodists met	7,000
Number of Presbyterians met	11,000
Number of Anglicans met (estimated)	25,000

In view of the overwhelming preponderance of Methodists, Presbyterians and Anglicans, it is not difficult for us to understand the reason for the limitations that prevent our rapid growth as a denomination in the Dominion. The best we can do is to provide for the welfare of all our own people who are coming to us, and rejoice in the increasing opportunities for united work with the other churches, for the welfare of our beloved Canada.

Respectfully submitted,

FRANK J. DAY,

Honorary Superintendent.

REV. G. W. BALL

TREASURER'S REPORT, 1912-13.

The printed statement which is before you shows that the total receipts on account of the General Mission Fund, amounted to \$13,226.13, as against \$13,490.72 the previous year, a decrease of \$264.59.

The following are the increases and decreases in the different Provinces, Districts, etc.:—

Increases.	
Ontario (Central District)	\$ 345 68
Quebec	188 46
Nova Scotia and New Brunswick	7 72
Personal and Special Subscriptions	159 45
United Brethren	81 55
C. C. W. B. M.	553 10
Interest	93 81

\$1,432 77

Decreases.	
British Columbia	\$ 144 70
Alberta	53 10
Saskatchewan	15 50
Manitoba	52 50
Ontario (Western District)	88 33
Ontario (Eastern District)	74 24
N. S. and N. B. C.C.W.B.M.	128 47
Colonial Missionary Society	883 15
N. S. and N. B. Gorham Trust	257 37

\$1,697 36

An analysis of these figures shows that while the total decrease from all sources has been \$264.59, the contributions from the churches, including personal and special subscriptions, increased \$275.94, and if you add to this the C. C. W. B. M. and United Brethren contributions, an increase of \$728.12 is shown, as against last year, the largest decreases being in amounts received from the Colonial Missionary Society and the Gorham Trust, which items, while they affect the total receipts, do not represent contributions from our church members. The largest decrease in any one Province or District was in British Columbia, \$144.70, and the largest increase was in Ontario, Central, \$348.68.

We are pleased to report that two of our churches have this year reached the \$1,000.00 mark. Emmanuel Church, Montreal, head the list with \$1,020.29, and Northern Church, Toronto, comes second, with \$1,000.00. This latter church contributed \$416.00

last year, an increase of over 100 per cent., and an example of what can be accomplished by placing the needs of Home Missions before our church members and asking for their support and co-operation.

The following is a list of the Churches contributing more than \$100.00 to Home Missions:—

Emmanuel, Montreal	\$1,020 29
Northern, Toronto	1,000 00
Calvary, Montreal	562 35
Bond St., Toronto	393 75
Hamilton, First	300 38
Zion, Montreal	199 03
Western, Toronto	177 60
Bethel, Kingston	163 08
Plymouth, Sherbrooke	160 61
Brantford	144 46
Guelph	125 42
Maxville	122 25
Toronto, Olivet	120 00
Granby	111 00

The Sunday School contributing the largest amount was Zion, of Montreal, \$118.50, followed by Emmanuel, Montreal, with \$37.06, and Hamilton First Sunday School, with \$35.00.

We would like to see a larger number of our schools contributing to Home Missions.

The Young People's Society of Northern Church again contributed the sum of \$100.00 towards our funds. We hope some of the other societies will follow this very good example.

The financial statement which is before you shows that we disbursed the sum of \$16,016.13 (including last year's deficit) on account of the General Fund, or \$2,790.00 more than we received, and carry forward a balance on the wrong side for this sum into next year.

If we are to do our fair share of the work in our growing West, we require the increased support and co-operation of all our churches. Unless we receive this it may be necessary for us to curtail our work, instead of increasing same. We hope our churches will fully realize their privilege and responsibility in this matter and give us their hearty support.

GORDON H. O'HARA,
Treasurer.

ANNUAL REPORT OF THE CANADA CONGREGATIONAL FOREIGN MISSIONARY SOCIETY.

The record of the thirty-second year of the C. C. F. M. Society shows many encouraging features, and considerable advancement. The outstanding event was the destructive fire at Chisamba, which caused a monetary loss of some \$3,000, and much discomfort and personal loss to the missionaries then at the station. There is, however, a bright side to the dark cloud, in that it has aroused the active sympathy of the churches, who have contributed liberally to the special fire fund, as the report of the Treasurer reveals.

Matters in connection with the establishment of the Training Institute are taking shape as rapidly as circumstances will permit. The site was decided upon at Dondi. The Portuguese authorities, who have manifested great interest in the Institute, have promised a considerable tract of land upon very favorable terms. Two buildings have been erected, with the purpose of using them for workshops later. A special committee appointed by the Mission, is preparing plans for the buildings considered necessary, and their location, as well as the policy of the Institute, and is to submit its report to the Mission, and also to the American Board and our own Society for consideration and approval.

The suggestion of the Laymen's Missionary Committee that a campaign be inaugurated to secure funds for the proper establishment and development of the Training Institute, was favorably considered, but it was thought wise to await the receipt and acceptance of the plans being prepared for the complete equipment of the Institute, before taking action.

The Missionaries left at Chisamba have had a year of unusual difficulty, owing to the small force, and to the disorganization caused by the fire, but have done double duty and accomplished remarkable results. They had much valued assistance from Rev. Mr. and Mrs. Neipp, and also from Rev. Mr. Sanders, who conducted services during the week of prayer. In addition to having charge of the teaching at the out-stations, Miss Bell has acted as treasurer of the station, and had a large share in superintending the erection of new buildings, and has assisted Mr. Sanders in translation work. Miss Maggie Melville has had charge of the teaching at Chisamba, besides other duties, and Miss Helen J. Melville has assisted in teaching, as well as attending to her regular

duties as nurse. During the year she has had to assume much of the responsibilities of the medical department, owing to absence on furlough of Dr. and Mrs. Cammack, and in a private letter reports having dealt with more than 1,200 cases since her return a year ago.

Mr. Gordon Cattell has made excellent progress in gaining a knowledge of the native language, and is showing great fitness for his work in the Industrial Department, as well as having the true missionary spirit in his relation to the natives. The suggestion has been made, informally, that the Industrial Department be removed to Dondi, in connection with the Training Institute, and that Mr. Cattell have charge.

In connection with the life of the Station, it is gratifying to record the generous help of the natives called out by the destructive fire. The work in the Sunday school and day schools continues to be most encouraging. On an ordinary occasion 600 were present at Sunday school, and the attendance at church services may necessitate dividing the children and adults at separate services. Dr. Patton says, regarding the efficiency of the day schools, that "the half has not been told." As a result of the meetings held during the week of prayer, and other efforts made, a deepening of the spiritual life has been manifested. The missionaries heartily testify to the splendid character of the native elders and leaders of Chisamba Church. There have been some labor difficulties, in part caused by the increase in wages at other points, owing to a growing demand to carry out new enterprises in the province, and discipline has been necessary in the case of some of the "boys."

Mr. and Mrs. Tucker sailed from Lisbon in April, after a year's study of the Portuguese language, and doubtless are now at Chisamba, and will soon be able to take a share in the work and relieve the faithful band of some of the heavy burden they have been under. While in Portugal Mr. and Mrs. Tucker showed their missionary motive by engaging in evangelistic work in the vicinity of Lisbon, and at the same time perfected their knowledge of the language. Mr. Tucker was in personal communication with the Portuguese Government, and made a good impression towards the missionary enterprise in Angola. Mr. Tucker emphasizes the necessity of using the Portuguese language in teaching, if permanent friendly relations are to be maintained.

Dr. and Mrs. Cammack are to return to Africa next fall after their period of furlough. Their presence is greatly needed at the

station, as the calls for medical help are many. The prayers of the Canadian churches will attend them in the renewal of their work.

Our heart interest follows Dr. and Mrs. Currie in their Pacific Coast home, and our prayers continue that Dr. Currie may be sustained in his physical weakness. The furlough allowance to Dr. Currie has been continued for a year.

Many churches and Sunday schools gave careful attention to the Livingstone Centennial celebration, and many people were led to read the life of Dr. Livingstone with profit. The Young People's department through its Superintendent, Miss Jamieson, was particularly active in this matter, and was instrumental in disposing of a considerable amount of literature, and arousing keen interest in many churches. The result of this celebration should be a great stimulus to missionary interest and effort.

The second contribution of £200 was made to the London Missionary Society, and has been gratefully acknowledged. The hope was expressed that this will be made an annual contribution, but the Executive replied that this would only be possible if the demands of the work in Africa and the generous giving of the churches permit.

In looking forward there is much to encourage. The Station will be more fully manned than since Dr. and Mrs. Currie returned, continue good, and even better results secured. The work of establishing the Training Institute will be continued as rapidly as possible, and when the plans are completed and adopted, it is very probable that an enthusiastic campaign will be conducted to fully equip it. This may be inaugurated this coming fall. There is urgent need of trained native teachers, and the Institute will, we trust, be a large instrument in securing and equipping them. The prayers of all interested are asked for guidance in finding the men to have charge of the Institute, and to impart instruction to the students.

TREASURER'S REPORT FOR THE YEAR ENDING MAY
31st, 1913.

We commenced the year with a balance in the General Fund of \$124.86, and the contributions for the year (including \$1,350.00 in legacies) were \$9,550.16. Of these contributions, approximately \$2,000.00 came to hand for the Chisamba fire loss; but as the cost of replacing the buildings destroyed by fire will have to be paid out of our general funds, these special contributions have been credited to the regular account. While our missionaries have been instructed to replace the property destroyed at our expense, nothing has been charged against us yet for this purpose; hence, a larger amount than usual is being held in our treasury.

We have passed on to the American Board this year, for the ordinary expenses of the field, \$3,900.74, which is chargeable to the General Fund. This includes the travelling and outfitting expenses of Mr. and Mrs. Tucker and Mr. Cattell, and the salaries of these missionaries for almost a year. The outlay for travelling expenses of the speakers to the Union last year, and of the members of the Executive Committee to and from their various meetings has been \$114.00, as compared with \$471.00 for the previous year, when, it will be remembered, Mr. and Mrs. Tucker were doing deputation work. Our printing bills this year amounted to \$244.22, while the various other necessary payments for home administration have been very small, as will be seen. Then, we voted £200.00 to the London Missionary Society, and transferred the usual \$1,000.00 to the Institute Account, making that fund \$10,000.00, as well as \$1,000.00 to the Furlough Fund. The Executive also voted \$300.00 to Mr. Cattell to replace his outfit, which was destroyed by fire. A balance of \$1,725.14 remains on hand.

Now comes the Designated Objects Account. The balance of \$11,228.67 carried forward from last year was made up of \$9,000.00 in the Institute Account, \$1,981.13 in the Furlough Fund, \$176.53 Hospital Cottages money, and \$71.01 belonging to the Industrial Department. To these, we add the contributions for the year, \$1,043.50, the \$1,000.00 transferred from the General Fund to the Institute Account, and the \$1,000.00 transferred from the General Fund to the Furlough Fund, making a total of \$14,272.17. In addition to the \$3,900.74 sent to the American Board for salaries on the field and travelling expenses of the outgoing missionaries,

we remitted from the Furlough Fund \$2,660.93, which covered the travelling expenses of Dr. and Mrs. Cammack from Africa to America, Dr. Cammack's furlough allowance since his return, and also Dr. Currie's furlough allowance, which, on account of his long service and poor health, has been extended to a second year; and then \$768.80 went forward for special objects on the field, and \$2,500.00 of our Institute Fund has also been remitted. So that we sent to the American Board during the year over \$10,000.00 for West Central Africa alone. Then it will be noticed that we forwarded special gifts for other mission work in various parts of the world, amounting to \$270.70—to China; for work amongst the deep sea fishermen; to Brazil and Peru in South America; to Turkey; to India, and to Japan. The balance on hand in the Designated Fund is \$8,071.74, \$7,504.00 of this being held for the Institute, \$71.01 belonging to the Industrial Department, \$176.53 to the Hospital, and \$320.20 Furlough Fund.

The schedule at the foot of the printed statement shows the giving by Provinces. Ontario gave \$4,252.86, as against \$3,643.35 last year; Quebec \$2,543.25, as against \$2,414.52; the Maritime Provinces \$428.38, instead of \$564.40 of the previous year; the West \$661.10, while the amount was \$392.40 a year ago. The miscellaneous amount of \$2,708.07 includes legacies of \$1,350.00, while last year \$5,000.00 of the Hodge bequest was included.

The legacies received during the year just closed were \$1,250.00 balance from the Hodge estate, and \$100.00 from our dear old friend, Rev. R. K. Black, who, during his lifetime always took a lively interest in the work of this Society.

Of the individual churches, the largest giver this year is Montreal, Emmanuel, with \$1,391.48. This is the largest amount any individual church of our denomination has yet given through the medium of this Society, and is more than half the amount coming from the whole of the Province of Quebec. The next church in order of amount is Toronto, Bond Street, with \$630.00, then Toronto Northern, \$526.23; then Hamilton, First, \$481.39; Montreal, Calvary, \$283.83; Kingston, Bethel, \$263.07; Guelph, \$249.02; Granby, \$238.32; Winnipeg, Central, \$225.00; Toronto, Western, \$199.70; Toronto, Broadview, \$148.55; Montreal, Zion, \$146.78; Victoria, away out under the Western sky, \$144.00; Toronto, Olivet, \$135.00; Sherbrooke, \$133.80; Brantford, \$133.08, and Cobourg, \$102.50. These are all that reached and passed the hundred dollar mark. Other churches deserving of special mention,

and who gave quite as well, considering their strength, are Embro, \$97.00; Gainsboro Circuit, \$37.50; Middleville, \$42.51; Pine Grove, \$28.50; Rugby, \$67.00; Scotland, \$86.00; West Montrose, \$46.25; Melbourne, \$71.00; Waterville, \$44.36; Sheffield, N.B., \$58.00; Calgary, \$45.00; Vancouver, First, \$88.75; Wood Bay, Manitoba, \$31.25.

One hundred churches shared in the giving, twenty-two in the Western Association, eighteen in the Quebec Association, fifteen in the Maritime Provinces, thirteen in the Western Provinces, thirteen in the Toronto Association, ten in the Eastern Association, and nine in the United Brethren Association.

Reference has been made to the Institute Fund. With the \$1,000.00 transferred from the General Fund this year, and \$4.00 which came to hand from the Maxville Girls' Mission Circle, the total in this fund was \$10,004.00, of which we have already forwarded \$2,500.00, leaving on hand \$7,504.00. It is more than likely that this will be all needed, and probably more, almost immediately.

We have paid the American Board in full up to May 1st, the date of their last statement; but the salaries, etc., to June 30th, will soon be charged to us, as well as a large amount for the rebuilding after the fire, so the balance on hand has really been more than spent. But as our churches have already experienced the blessing of giving for our African work, we believe they will gladly respond to whatever claims the future may present.

Respectfully submitted,

H. W. BARKER,
Treasurer.

REPORT OF THE BOARD OF GOVERNORS.

The Board of Governors has pleasure in presenting its Annual Report for 1912-1913.

This report embodies those of the Senate, Librarian, House Committee, Ladies' Auxiliary and Treasurer.

The year has been marked by several gratifying features.

Mr. Arthur Congdon, of Winnipeg, accepted appointment as a Governor, thereby adding to the Board a personality of worth, and securing Western representation.

Rev. Geo. Rawson of California, a graduate of 1859, contributed \$1,000.00 towards the endowment fund. This gift, while generous in itself, was appreciated by the Governors still more, by reason of its associated interest and sentiment.

The late Rev. R. K. Black of Granby, also perpetuated his interest by providing, through his estate, a contribution of \$100.00 towards the endowment, this following the previous gift of his son (Mr. C. H. Black) was impressive and deeply appreciated.

The College received from the Estate of the Late George Smart, \$500.00 in cash, and a bond of \$1,000.00, to be followed by a sum yet to be realized upon real estate, in which the College has a quarter interest. This form of expression is kindly and helpful, and conducive of a mellowing recognition of the bond between those of the arena of earthly service, and those of the haven of the beyond.

Your Board has undertaken the initial responsibilities of the formation of a British Columbian organization, with the express intent of co-operation with the Presbyterian and Methodist Theological Colleges. Representatives of the three denominations have already appeared before the government of British Columbia, and have received encouragement as to the recognition, and the granting of areas of land, contiguous one to the other. The representatives of the sister denominations are heartily ready for the fullest exercise of the co-operative spirit.

The most momentous feature of the year, and the one requiring most serious consideration for the future, is the matter of relationship with the co-operating Colleges of Montreal.

That the movement for co-operation was timely, Divinely inspired, and revealing of a spirit of unity, awaiting just such form of expression, has been clearly demonstrated. That its first year of operation has been cordial and beneficial; has been void of friction

—and greatly promotive of that oneness of spirit and purpose which all servants of the Master would wish for—is unquestioned.

That a return to former conditions is highly undesirable and practically impossible, is the view of your Board. This being so, the question immediately arises; how much better can be done, how much farther can be gone? How deep is conviction, how confident is faith, how comprehensive is vision—in so far as the Congregational College of Canada is concerned?

Those who have the matter more particularly in hand are planning greater things. Your Board looks forward with hope and trust, and commends any plan that may be proposed by the managing board of the co-operating Colleges, to the most favorable consideration of all our churches and membership.

Your Board presents this recommendation in a spirit of unreserved faith in God, in a spirit of true fraternity in Christ and in a spirit of what it conceives to be the truest and best interest of our immediate trust—the education of candidates for the Christian Ministry.

The retiring governors are:—Rev. J. T. Daley, B.A., Messrs. T. B. Macaulay and Henry O'Hara.

A. McA. MURPHY,
Secretary.

THE SENATE'S REPORT FOR THE YEAR ENDING APRIL, 1913.

To the Members of the Corporation:

COLLEGE CO-OPERATION.

Gentlemen,—In presenting our report of the work of the Session just closed—the seventy-third in the history of the College—it seems fitting that we should give the first place to a review of the operation and success of the scheme for co-operative theological work in Montreal.

It is well known that the four Theological Colleges affiliated with McGill and grouped around the University, entered last fall into an arrangement by which common courses of study were offered, and the theological curriculum apportioned to the several professors. It was arranged that each professor should give some

of his courses in a college other than his own. These courses were attended by students from all the four institutions. The result was not only that the classes were greatly enlarged, but enthusiasm was engendered, both by the increase of numbers and the fact that men of all four denominations were sitting side by side, now in the Diocesan College, now in the Congregational, and again in the Methodist or Presbyterian. A spirit of perfect good fellowship prevailed among both professors and students. The weekly meeting of the entire staff as a University Faculty, enhanced the sense of co-partnership in a great work. There is but one opinion as to the advantages already apparent, while its possibilities for good to the cause of Christ in the land are immeasurable.

As yet this is co-operation, not union. Each College retains and maintains its own individuality, its own denominational affiliation and responsibilities, and depends on its own particular friends for support. Such subjects as could best be dealt with by any individual College, was reserved for its own instruction, but the only subject reserved by your College was our Denominational History and Polity—all else was taken in common course, and in this respect we were no more forward than our Methodist and Presbyterian brethren. It is not according to our ideal that truth should be taught from any particular denominational standpoint, and we are not afraid to have our students taught by professors whose personal viewpoint may not be exactly the same as those of our own College.

We were honored in the fact that our own Principal, Dr. Hill, in view of priority of service, was elected the first Dean of the Co-operating Colleges. His address at the opening convocation on the first of October last, was much appreciated. We had also addresses from Dr. Boyd Carpenter, Bishop of Ripon, and from Dr. Robert Speer.

ROLL OF STUDENTS.

At the close of the Session we had eighteen students on the roll. Of this number seven were undergraduates in Arts, one of whom was permitted to take his course in the University of Toronto. Only two were in full theological course. One was taking a special "Association Course," and nine were in the Preparatory Department.

PREPARATORY DEPARTMENT.

In consequence of the co-operation of the four Colleges, it has been possible to put this department on a much more satisfactory basis than it was before. It has had the constant care of capable teachers, and we anticipate the effect will be shown in the increased efficiency of the students. We have six men in this department who will attempt the matriculation examination this summer.

ENGLISH BIBLE LECTURESHIP.

In January last, the Rev. A. E. Dunning, D.D., of Boston, gave a special course of five lectures, under the Young People's Bible Lectureship. His general subject was Biblical Literature.

UNION COURSES.

For some years the Faculty has been guiding the studies of several men in charge of country churches, under the auspices of our Home Missionary Society and the Union. Of these men Mr. Frank Sanders has successfully completed the course prescribed by the Union, and was ordained pastor of the Church at Middleville. Mr. W. J. Bevis completed his course and was ordained pastor of the Church at Chebogue. Mr. J. H. Sulston, with the consent of the Home Missionary Society, came into College last fall, and took a special course as Association Student for one year, as the equivalent of the unfinished portion of his Union course. Having passed the necessary College examinations, he was ordained by the Quebec Association, acting at the request of Emmanuel Church, and has become the pastor of the church at Margaree.

EXAMINATIONS.

The usual examinations were held in the various departments, Preparatory, Theological and Arts.

Mr. A. E. Teale, of the first theological year, was granted a Charles Alexander Bursary of \$25.

Mr. A. J. Orr, the graduating student, having successfully passed the examination and fulfilled all the requirements of the course, was granted the diploma of the College, together with a

Robert Anderson Bursary of \$30. Mr. Orr was also awarded the Calvary (silver) Medal for excellence in Church History, and the John Frederick Stevenson Memorial (gold) Medal, for general proficiency in all the subjects of the final Theological Year.

Of our students taking the University courses, Mr. Robert Fairgrieve headed his class in the third year, and obtained a good general standing, and was awarded a Robertson Macaulay Bursary of \$60.

Mr. J. H. Schofield, of the first year, was awarded a Charles Alexander Bursary of \$25.

We regret that we have but one graduate this year, and the situation is not likely to be improved next year. But as this is the result of the settled policy of the College to press men into the Arts course, there is no occasion for discouragement. Five-sixths of the students at present on the roll are either taking the full Arts course, or preparing for it. It will, therefore, not be long before matters adjust themselves and the theological classes attain to their normal number. Indeed we shall be disappointed if there is not an improvement in this respect. The courses of study which it is now possible to offer through the combination of the staffs of the four theological colleges, shall prove attractive to the strongest and best equipped young men seeking a preparation for the Christian ministry.

CONCLUSION.

In conclusion we would report that, through the generosity of Mr. Gurd, the chairman of the Board of Governors, professors and students have again enjoyed the use of a number of scholarly magazines, for which they are grateful. The same gentleman also entertained governors, professors and students to a delightful social function as last year.

We are also grateful to Dr. Charles Gurd for his professional services to the students, so freely given.

We would also record our indebtedness to the Rev. W. E. Gilroy, B.A., of Hamilton, for his earnest and scholarly address on "The Church and its Mission," delivered in connection with closing convocation.

The students are now scattered over the various provinces, from Nova Scotia to Saskatchewan. We are sure they will do good work wherever they are.

The profesors have planned to visit as many of our churches as possible in the interest of the College. Dr. Cook in Quebec and Eastern Ontario, Dr. Warriner chiefly in the Western Association of Ontario, while Principal Hill will attend the Maritime Union and visit the churches by the sea. In this way we hope to awaken in the churches a livelier sense of their privilege and responsibility with regard to the preparation of men for the Christian ministry.

Respectfully submitted,

W: HENRY WARRINER,
Registrar.

REPORT OF THE LIBRARIAN FOR THE YEAR ENDING
MAY 1st, 1913.

To the Governors of the Congregational College:

Gentlemen,—During the past year fifty-seven volumes have been added to our Library, twenty-two by gift and thirty-five by purchase. The cash receipts of the library for this year were \$116.61, about \$20 less than the previous year. This was partly due to the fact that the College had no opening convocation last fall owing to the joint convocation of the four co-operating colleges, and hence there was only one collection for the library, instead of two.

The library has been used more largely than ever, during the past year, as students of the other theological colleges have had the same access to our books that our own have had, and have drawn out many of them.

The large and valuable list of periodicals which is coming to the library, has been very kindly paid for by the chairman of the Board of Governors.

The total receipts for the year, including balance from	
last year, were	\$153 04
The total expenditures were	118 46
	\$34 58

Respectfully submitted,

E. ALBERT COOK,
Librarian.

REPORT OF HOUSE COMMITTEE.

The House Committee would report the property of the College to have been well maintained.

The services of the Steward and Stewardess were, as usual, faithful and satisfactory.

The Principal exercised oversight in such manner as to render the work of the committee easy.

There have been repairs for not more than ordinary expense.

At the request of the students, a filter was installed.

The electric fixtures were improved.

An early necessity will be the re-slating of the roof.

The work of the Committee has been facilitated by harmony and efficiency all round.

ALEX. McA. MURPHY,
Secretary.

ANNUAL REPORT OF THE LADIES' AUXILIARY COMMITTEE OF THE CONGREGATIONAL COLLEGE,
FOR THE YEAR ENDING MAY 31st, 1913.

OFFICERS.

Hon. President—Mrs. C. R. Black.

President—Mrs. W. D. Lighthall.

First Vice-President—Mrs. S. H. C. Miner.

Second Vice-President—Mrs. W. H. Warriner.

Secretary—Mrs. W. H. Smith.

Committee—Mrs. C. R. Black, Mrs. W. D. Lighthall, Mrs. S. H. C. Miner, Mrs. W. H. Warriner, Mrs. R. McCaulay, Mrs. W. H. Smith, Mrs. Chas. Gurd, Mrs. Hugh Pedley, Mrs. C. Cushing, Mrs. R. McLaughlan, Mrs. A. McLaughlan, Mrs. A. McA. Murphy, Mrs. E. Munson Hill, Miss Surgeon, Mrs. Leslie, Mrs. A. W. Main.

The Ladies' Auxiliary wish, through the "Annual," to thank those who responded to the appeal sent out in July last for linen for the College. These churches being Cobourg, Cold Spring, Victoria, B.C., Humber Summit, Pine Grove, Zion (Montreal), Welcome Zion (Ottawa), and Maxville. The response was not as

general as it should have been, many churches not having been heard from at all, and the amount received fell far short of what was actually needed. It is hoped the churches will realize the importance of this institution and be more generous another year.

All of which is respectfully submitted.

MRS. W. H. SMITH,
Secretary.

TURNING THE FIRST SOD OF NEW NORTHERN CHURCH, TORONTO

TREASURER'S REPORT.

The Treasurer has much pleasure in presenting his report this year, as there has been an increase from all the provinces.

28 churches and 2 personals in Ontario have remitted \$805.62, an increase of \$311.87 over last year.

Quebec, 11 churches \$931.38, an increase of \$68.63.

Maritime, 11 churches and 2 personals, \$90.58, an increase of \$57.04, and an increase of 8 churches.

North West, 3 churches, \$40.15, an increase of \$24.15, and an increase of 2 churches.

We have also received the regular \$10.00 from an old college boy in the States.

Our thanks are also due Mrs. S. H. C. Miner, for continuing her subscription of \$1,800.00.

Last year we reported a deficit in revenue of \$447.72; this year we have a small surplus of \$53.19.

On behalf of the Trustees' Endowment Fund, I have to report an increase of \$3,071.04. On account subscriptions, \$261.00; Ottawa Jubilee Scholarship, \$210.00; Smart Estate, \$1,500.00; Rev. G. A. Rawson of Los Angeles, a graduate of our College in 1859, but for many years in the States, \$1,000, and a legacy of \$100.00 from the late Rev. R. K. Black.

The investments are all very satisfactory, and earning good dividends. The Illinois Traction Co. common stock commenced to pay a dividend last quarter. The stocks and bonds are all entered at cost price. Practically all funds are invested.

Now a word as to the coming year. If all the churches had come up to their apportionment, what we could have done. But if the churches that did nothing had done as well as those that did, we would be nearly \$3,000.00 better off. And it can be done, it only requires some one with energy in each church to take hold in a business-like way. Adopt the duplex envelope and put the five denominational objects on it, and solicit a weekly offering from every man, woman and child that is earning.

I herewith present the financial statements, duly audited by Mr. H. J. Ross, Auditor.

THOS. MOODIE,
Treasurer.

MINUTES OF THE UNION.

The Sixty-Sixth Annual Meeting of the Congregational Union of Nova Scotia and New Brunswick was held in Keswick Ridge, N.B., on Wednesday, June 25, 1913.

The meeting was opened at 8 p.m., the chairman, Rev. Cecil C. Claris, of Brooklyn, N.S., presiding. A short devotional service was held, after which the Union was called to order. Students Seale and Knighten were appointed Minute Secretaries, and Revs. Cox, Thompson and Mr. E. C. Burpee, Nominating Committee.

REV. JAMES MIDDLETON
Chairman of the Congregational Union of Nova Scotia and New Brunswick

This is a cut of the Emmanuel Congregational Church, Montreal, of which
Hamilton First Church is a fac-simile.

On motion it was resolved that the minutes of last year be accepted as read.

Rev. J. W. Cox, Convener of the Programme Committee, reported by laying the printed programmes on the table.

The pastor, Rev. E. G. Thompson, then gave the address of welcome, in which he referred to the interesting fact that the church in Keswick Ridge was of staunch Puritan ancestry, being an offshoot of the Sheffield, N.B., church, that was founded in 1764 by grandchildren of those noble Congregationalists who sought a "faith's pure shrine" on a "wild New England shore."

The response to the address of welcome was given by Mr. Charles E. MacMichael. He said that the kind words of Pastor Thompson voiced the spirit of loving welcome of which all the delegates were conscious since their arrival at the Keswick railway station. He trusted that a great blessing would come to the church at Keswick Ridge through the meetings of the Union and to all the churches represented.

Dr. E. Munson Hill, of Montreal, then gave an inspiring address upon "The Value of the Rural Church to the Nation."

The choir sang an anthem, and Rev. William J. D. Gibson, of Yarmouth, N.S., addressed the meeting. His subject was "Men and the Message." The offering was for the Union Expense Fund.

THURSDAY, JUNE 26.

At 9 a.m. a devotional service was held, Rev. W. J. Bevis, of Chebogue, presiding. The theme for the meeting was "Winning Men to Christ. The Source of Power for the Task."

A very profitable discussion followed, in which many participated.

Rev. W. T. Gunn then addressed the meeting on "The Ideal Congregationalism," in which he showed the advantages of the Congregational way over more rigid and inflexible ecclesiastical systems.

THURSDAY EVENING.

At 8 p.m. a short praise service was held, after which the Chairman, Rev. Cecil C. Claris, delivered his retiring address. His subject was, "The Christian's Dynamic, or our privileges and responsibilities as Christ's followers. It should be our imperative duty to make the blessedness of our religion attractive to others."

After singing a hymn Rev. E. D. Sileox, editor of the Congregationalist, addressed the meeting upon "The Holy Spirit with the Churches." The offering was for the College.

FRIDAY, JUNE 27.

At 9 a.m. a united devotional service was held, Rev. James Middleton presiding.

At 10 a.m. and 2.30 p.m. the Union Committee held two very busy sessions and discussed many questions affecting the life of our churches.

The Woman's Board of N.S. and N.B. held three very interesting services in the church on Friday.

SATURDAY, JUNE 28.

At 9 a.m. a helpful prayer and praise service was held. Student Teale was the leader.

The Apportionment Committee reported as follows:—Brooklyn, \$150; Beach Meadows, \$75; Chebogue, \$100; Economy, \$100; Kingsport, \$100; Sheffield, \$225; St. John, \$250; Lower Selmah, Noel and S. Maitland, \$250; Liverpool, \$125; Margaree, \$75; Milton, \$100; Pleasant River, Hemford and Baker's Settlement, \$125; Yarmouth, \$325. Adopted.

It was moved by Mr. F. W. Barker, and seconded by Rev. James Middleton, and carried: "That whereas a number of our churches having failed to send representatives to the Union now assembled, and have thereby lost the inspiration and impetus that are surely the outcome of such splendid meetings, therefore, Resolved, that the Secretary of the Union be hereby instructed to convey the greetings of the Union to those churches, urging upon them the advisability and urgent necessity not only for their own well being but for their sister churches as well, to seek always to be represented at our General Union meetings by one or more delegates."

The Union Committee recommended as follows:

1. That we accept the kind invitation of the Beach Meadows' Church to hold the Union with them in 1914, and that the date of meeting be left in the hands of the interim Union Committee. Carried.

2. That a letter of thanks be sent to Mr. Edward Smith, J.P., of Bewdley, England, for the interest shown by him in the churches of our Union in bringing to them such heartening and good cheer by the meetings held by him and Rev. Joseph Thackery in a number of the churches in 1911, and trust that he may see his way clear to visit us again in the near future. Carried.

3. That a circular letter referring to the needed increase of the pastors' salary to make a partial offset to the increased cost of living be sent to the churches. Carried.

4. That the C. C. M. S. be advised by the arrangement last year to make a grant of \$100 to the Liverpool and Milton Churches, providing that they unite under one pastorate. Carried.

5. That a fraternal letter be sent to the Baptist and Presbyterian Churches of Chebogue inviting them to enter into an arrangement with our church for united worship, and that Revs. Gibson and Bevis and Captain Trefry be a committee authorized by our Union to approach these bodies to help the matter forward. Carried.

6. That a committee be appointed by our Union on Church Unity in the bounds of the Maritime Provinces, and that this committee correspond with the Baptists, Methodists and Presbyterians with a view to a General Conference to reduce, if possible, the evils of overlapping. That we take this step as an expression of the new spirit that is abroad in the world. Carried.

7. That Revs. Claris, Middleton, Gibson and Mr. MacMichael be our Apportionment Committee. Carried.

8. That the bill of \$8.00 for printing, of J. W. Flewelling, be paid by the Treasurer. Carried.

9. That the Chairman and Secretary of the Union, with Messrs. F. W. Barker and C. Trefry, be a committee to co-operate with the Dominion Alliance. Carried.

10. That Rev. James Middleton be appointed to visit Economy Church. Carried.

11. That Rev. Dr. Hill be asked to visit the Kingsport Church and give what assistance he can in securing a settled pastor for that field. Carried.

12. That Rev. C. C. Claris be a deputation to visit the Pleasant River field. Carried.

Rev. Dr. Hill then addressed the meeting on the College. His interesting address was listened to with deep interest and will surely bear good fruit in awakened affection for our College in the hearts of our people.

A strong temperance resolution was moved and spoken to by Rev. Mr. Middleton, and seconded in a powerful address by Editor Silcox, who is one of the foremost champions of Ontario's banish the bar movement.

Condolence—Resolved, that this Union express their sympathy

with the bereaved members of our churches, whose precious loved ones during the past year have been called to a higher service, viz.:

Mrs. W. H. Dearborn, St. John, N.B.

Mr. James D. Robertson, St. John, N.B.

Mr. Samuel Elliott, St. John, N.B.

Mrs. Crothers, St. John, N.B.

Mrs. Rev. H. S. Mahood, St. John, N.B.

Mrs. Henry Hallet, Keswick Ridge, N.B.

Mrs. Hugh O'Brien, Noel, N.S.

Mrs. McDougall, South Maitland.

Mrs. Mary E. MacLeod, Brooklyn, N.S.

Mrs. James A. MacLeod, Jr., Brooklyn, N.S.

Capt. Israel Wharton, Brooklyn, N.S.

Mr. Thomas Dexter, Brooklyn, N.S.

That the Union send greetings to Mrs. Simeon Sykes, 113 George street, Fredericton, remembering the long and loving service on behalf of the Union of her late husband, Rev. Simeon Sykes, and also of the many faithful years of labor as pastor of the Keswick Ridge field. "He being dead yet speaketh." Carried.

RESIGNATION OF REV. J. W. COX, B.A., AS SECRETARY OF
THE UNION.

Rev. J. W. Cox, in resigning his office, said: "Since May 1st, 1877. I have labored within the bounds of this Union in Nova Scotia and New Brunswick, and since 1892 have filled to the best of my ability the office of Secretary. And now feeling sure that there are with us younger men who are more competent to fill the office I would hereby request that you would accept my resignation and lay the burden and responsibilities of the office upon one of them who will, I trust, undertake it as a labor of love."

With many expressions of regret the Union voted to accept Mr. Cox's resignation, and appointed to the office of Secretary of the Union Rev. E. J. Thompson, of Keswick Ridge, N.B.

SUNDAY, JUNE 29.

At 11 a.m. the Annual Union Sermon was preached to a crowded house by Rev. James Middleton, of Lower Selmah, N.B., from Acts 26: 29, Except these bonds.

At the close of the service the Lord's Supper was observed, the pastor, Rev. Mr. Thompson, presiding, assisted by Rev. Dr. Hill and Rev. J. D. Gibson.

The Lord overshadowed the devout assembly by His presence.

All the members of the Union were present, there being no services at any of the outstations that the interest might be concentrated in one great gathering.

SUNDAY AFTERNOON.

At 2.45 a mass meeting was held in the interests of Christian citizenship, presided over by the Treasurer of the Union, Mr. Chas. E. MacMichael. Editor E. D. Silcox addressed the meeting upon "Moral Reform and a Clean, Upright National Life."

Principal Hill spoke upon "What One Man Can do to Build up a Strong, Righteous Nation."

This was certainly a great meeting. The place was simply packed to the doors. People came from long distances to hear words of truth and were not disappointed. The offering was for Foreign Missions.

SUNDAY EVENING.

At 8 p.m. Rev. E. D. Silcox, of Toronto, preached from 1 Kings 5: 13, "If the prophet had bid thee do some great things, wouldst thou not have done it, how much rather than when he saith to thee, Wash and be clean!"

At the close of the sermon, resolutions of thanks by the Union and Woman's Board to the pastor and people of Keswick Ridge were carried with great enthusiasm, and then a short fellowship service was held, making an appropriate finale of a blessed series of uplifting and helpful services.

After singing of the hymn, "God be with you till we meet again," and the benediction, the Union adjourned to meet in Beach Meadows, N.S., in 1914.

J. W. Cox,
Secretary.

CONDENSED MINUTES OF THE TWENTY-SEVENTH
ANNUAL MEETING OF THE C.C.W.B.M.

The 27th annual meeting of the Canada Congregational Woman's Board of Missions was held in Emmanuel Church, Montreal, on May 29th and 30th, 1913, with a registered attendance of 94. The Executive met at 2.30 p.m. on May 28th, in the parlors. The opening exercises were conducted by the President on Thursday morning; by Mrs. Lemuel Cushing on Thursday afternoon; Mrs. Daley on Friday morning and Mrs. Phalen of Ottawa on Friday afternoon.

Most encouraging reports were heard from all the branches, and from the various Departmental Superintendents. Letters were read from Miss Melville and Miss Bell, in Africa; Miss Macallum, Smyrna, Turkey; Miss Amy McKowan, Japan; Rev. J. D. McEwen, Orobo, Brazil, and from the pastor of the Brandon Church, Manitoba.

Miss Hope McLachlan and Mrs. W. H. Black were appointed Minute Secretaries, and the Business, Resolution, Press, Financial, Credential and Press Committees were chosen on recommendation of the Executive.

Mrs. D. Macallum, of Kingston, and Mrs. Mary E. Sanderson of Danville, conducted the Noon Quiet Hours. The address of welcome was given by Mrs. J. F. Stevenson, Montreal, and replied to by Mrs. W. T. Gunn of Toronto.

The Emmanuel and Zion ladies provided the luncheon and tea the first day; Point St. Charles and Amherst Park gave the Friday luncheon, and Calvary and Union Churches the Friday tea.

The Emmanuel Choir assisted the Thursday evening, and Calvary Choir on Friday. Mrs. Ross and Mrs. Bayley-Sprott gave beautiful solos at the afternoon sessions. Mrs. Macallum presented the President, Mrs. Moodie, with a suitably engraved, silver-mounted gavel on the first evening; Rev. Dr. Pedley brought the greetings of the church and also of the C.C.M.S., of which he is the Hon. President; Dr. E. M. Hill extended the greetings of the sisterhood of churches in the city, and Miss Helen B. Calder, Home Secretary of the W. B. M. of Boston, was the Thursday speaker, taking as her subject, "Co-operation in Missionary Work," and giving as her favorite motto, "Every Christian a Missionary."

Friday evening the speakers were Dr. Margaret Patterson, of

the Ludhiana Mission, India, and Mrs. (Dr.) Charles Sibley of the A.B.C.F.M., the Philippines. After dinner speeches were made by Mrs. F. W. Reed, Mrs. Patterson and Mrs. Sibley. Fraternal greetings were received at the first luncheon from the Anglican, Presbyterian, Methodist and Baptist Woman's Boards.

A letterogram of sympathy and a box of Richmond roses were sent the absent Treasurer, Miss Thompson, who sent a reply telegram the second day.

Mrs. Macallum made a plea for clothing for a family of boys and received the sum of \$16.40 in various amounts from those present, which covered the need. The President's address referred to the evident progress of mission work in the world during the past year, and emphasized the extra burden our lady missionaries in Africa had been carrying during the year, owing to the absence from the station of the doctors and other male helpers.

The Secretary's report showed the progress the Board was making in Canada. This was most gratifying in every way. Twelve new Life Members had been added, in spite of restrictions suggested by the notice of motion last year. Five names had been added to the "In Memoriam" list, and fifteen had been called by death, three of them, Mrs. Ashdown of Toronto, Mrs. Boulton and Mrs. Maddock of Guelph, being Life Members. The auxiliaries had raised almost three thousand dollars more than had been sent through the Treasurer's books, which sums had been principally for Home and City Mission work. Crescent St. Aux., Winnipeg, and Dalston Aux., Ont., had affiliated during the year, and Amherst Park had been re-organized. The membership reported stood at 1550.

The Treasurer, Miss Thompson, reported net receipts, \$7,664.84; total receipts from all sources, \$10,143.51, an advance of \$2,097.79 for the branches. There was a liability to the W. B. of Boston for \$643.60 on the travelling expenses, which should be wiped out as soon as possible. The Fire Fund had reached over \$2,100, which would cover the losses it was expected.

The Editors of the Leaflet both gave excellent reports of the encouraging features of that part of our work.

The discussion led by Mrs. Hume of Ottawa, on Thursday afternoon, and the Question Drawer, conducted by Mrs. W. D. Lighthall on Friday morning, were heartily participated in by a large number of the ladies, and proved most helpful.

The Young Ladies' Hour the last afternoon, which took the

form of a Symposium on the Life of David Livingstone, was taken part in by four young ladies, with Mrs. Black presiding. The papers given dealt with Livingstone's early life: his life as a missionary and explorer; as a man, and, lastly, his death and the tributes paid him by notable writers of the times.

The election of officers and appointment of Superintendents, resulted in a return of all, with two additions, Miss Arms was appointed to assist Miss Hewitson with the Missionary Literature, and Miss Moodie was chosen as Supt. of Labrador Supplies. Mrs. Nasmith, Convener Business Com. 14; Miss Rawlings, Con. Resolution Com. A Committee on Revision was appointed to look into the Constitution, and suggest any necessary changes, especially regarding Associates and also representation. A rousing vote of appreciation was given the General Secretary, who has had an unusual amount of extra work to do during the year.

In response to a request from the Toronto Branch, it was moved that that Branch endeavor to secure a supplementary missionary library of its own, if a suitable person could be found to take charge persistently and enthusiastically. The Board resumed its pledged work in regard to the salaries of its three lady missionaries in Africa, with this change: hereafter each salary will be increased \$50.00 a year, and a house fund of \$37.50 will be given them yearly; the scholarship in Turkey was continued, also the Biblical Instruction in the Ceylon schools; the grant to the C.C.M.S. of \$1,000 was renewed with a recommendation; three hundred dollars was voted to the German work as the grant to Rev. Mr. Anhorn at Calgary, who thus becomes the Home Missionary of the C.C.W.B.M. for this year. \$50 was voted to the Girls' Fund, Chisamba; the money for the Mary M. Savage Cottage for Girls was ordered to be placed at the disposal of the missionaries for the erection of the Mary M. Savage Hall, as part of the new Boarding School for Girls of the station and out-station schools at Chisamba; Miss Silcox was given an honorarium of \$100 for her work during the year; Mrs. Stevenson and Miss Silcox were appointed delegates to the Union; W. B. Unsworth of Toronto was reappointed auditor, and a message of sympathy sent to him in his illness. Miss Wilkes, of England, an old and much loved member, who has been absent from the country for nine years or more, was a welcome guest.

Many resolutions of love and sympathy, encouragement, and thankfulness to God for the success of the past year's efforts, were

voiced by the Committee, and a hearty vote of thanks was tendered all who had assisted in making the meetings such an unqualified success. Greetings were sent to the missionaries on the foreign field and to those on furlough; to Dr. and Mrs. Currie and to absent officers, various appointments and suggestions were made as to the future policy of the Board, and the meeting adjourned to meet in Brantford at the invitation of the Paris Branch, in 1914.

ANNUAL REPORT OF THE CONGREGATIONAL PROVIDENT FUND SOCIETY.

Your Directors beg to report for the year ending 31st May, 1913, and in doing so regret to have to announce the retirement of Mr. H. J. Ross from the position of Secretary, which he filled very admirably for the last seven years. The position was offered to Mr. W. H. Black, of Emmanuel Church, and he has accepted the same and has been duly elected.

The financial position of the Society will be found in the report of the Treasurer, and we would again call the attention of the members, and particularly of those who are not members, to the increasingly prosperous condition of our funds. No better investment can be made by any minister than by becoming a member of this Society. At the same time, the Board is by no means satisfied with the amount of the payments to its various beneficiaries, although it is much greater than could be procured by a like fee from any chartered company, or from the Government, and hopes that the generosity of the Churches will enable it to continue from time to time, the increases in the payments which are recommended this year, until a much larger amount may be allotted.

The Society will, at its meeting this year, be called upon to consider the notices of motion presented by the Rev. G. Ellery Read at the last annual meeting, and your Directors recommend that you concur in Clauses Nos. 1, 3 and 4, but do not recommend concurrence in Clause No. 2, as the Board considers it would be much more desirable that it should be free to deal with each case on its merits without being hampered by the precise terms of a By-law.

The Treasurer will present the report of the Actuary on the position of the Society on the 31st May, 1913, and the Board is

pleased to recommend, in view of the favorable condition of the funds, the following increased annuities:—

Retiring Ministers	\$200.00 per annum.
Widows	200.00 “ “
Orphans (sons under 16 and daughters under 18)	35.00 “ “
Youngest child	70.00 “ “

and in addition the payment, as provided in Mr. Read's notice of motion, Clause 3, to guardians on behalf of orphans, of two-thirds of the annuity that would have been payable to the mother had she not deceased.

Respectfully submitted,

W. H. BLACK,
Secretary.

TREASURER'S REPORT.

Your Treasurer has to report a very good year financially.

In the Widows' and Orphans' branch, 4 churches remitted \$34.76, an increase of two churches and \$10.07 over last year.

In the Retiring Minister Branch, 22 churches remitted \$493.22, an increase of \$58.24, from the same number of churches.

After meeting all expenses we have carried \$1,500.00 to capital account in the W. and O. Branch, leaving \$728.05 at credit of revenue account.

In the R. M. B. we have added \$800.00 to capital account, leaving \$267.83 at credit of revenue account.

Rev. Thos. Hall was refunded two-fifths of what he had paid.

In the lists of the assets we have valued the Montreal Loan & Mortgage Co. stock at 150 per cent., in the past we have listed it at par, but it is now paying 10 per cent. dividend and is quoted on the market at 175 to 200. The Real Estate Loan Co. we have in the past taken at a valuation, but it is in such a good position now we have listed it at par.

The financial statements are herewith presented; the books are in the Auditor's hands at present.

The whole respectfully submitted,

THOS. MOODIE,
Treasurer.

The Annual Meeting of the Congregational Provident Fund Society was held at the Union Meetings in Toronto, on 5th June, 1913.

The Rev. J. T. Daley on motion occupied the chair, and the Rev. Mr. Margrett acted as Minute Secretary.

Mr. Thomas Moodie read the reports of the Secretary and the Treasurer, and after a discussion participated in by Mr. Henry O'Hara, Rev. Ellery Read, Rev. D. Warriner, Rev. Principal Hill, Rev. Mr. Margrett, and others, further consideration was deferred until the next day.

6TH JUNE, 1913.

The reports of the Secretary and Treasurer, and the recommendations of the Board in reference to changes in the By-laws and in the amounts of annuities, contained in the reports of the Secretary, were approved and adopted.

It was then resolved:—That the By-laws of the Congregational Provident Fund Society be revised according to the amendments that have been made to them since their last publication, and that a new edition be published and afterwards a copy sent to every Minister and Secretary of the churches within the Union.

The following Directors were duly elected for the ensuing year:—Charles Gurd, W. A. Wood, T. B. Macaulay, W. W. O'Hara, A. McA. Murphy, W. H. Black, Arthur Birks, Thos. Moodie, Henry O'Hara, B. W. Robertson, and the Board was authorized to appoint an Auditor.

A Typewriter in the Home

WHEREVER there is much writing to do there should be a typewriter. Handwriting is too laborious, too exhausting. It doesn't give the brain a fair show.

Every minister, author, professional man will do better work, easier work, when free of the drudgery of handwriting.

The young folks need a typewriter for the large amount of writing connected with their school work.

Our new catalogue of typewriters for the home shows a score of different kinds for every purpose.

The prices are from \$20 up.

CHURCH'S COLD WATER Alabastine

None Genuine Without Little Church on Label

A LABASTINE is now the general vogue in cottage and mason alike. Alabastine is more artistic and sanitary than Wall Paper, more effective than oil paint, more permanent than Kalsomine.

Alabastine is a dry powder, made from Alabaster Rock. It comes in white and 21 tints. Alabastine is ready for use by mixing with cold water, and is applied with a flat bristled brush. Its colors are permanent, and do not rub off. Alabastine is a cement, and hardens with age. It can be recoated without removing the old coat.

FREE STENCILS

We have organized a Decorative Department, and will furnish FREE COLOR SCHEMES to all users of Alabastine. We also offer FREE STENCILS for producing the design we suggest. Write today.

Every Man's Duty

It is every man's duty to provide for the support of his family both during his own lifetime *and afterwards*.

To make certain that your loved ones will be cared for in case you are taken away, you must get your life assured in a good company.

We do the largest life business of all Canadian companies.

We have more assets than any other Canadian life company.

Outside of companies issuing "industrial" policies, we do the largest life business of all companies in the British Empire.
